Our destination is the city state of Bremen, important historically as a hotly contested city-state between the Holy Roman Empire and Sweden in the 17th Century. In modern-day Germany it is one of the largest cities of the area. Bremen is also famous for the Brothers Grimm tale ostensibly set there (The Town Musicians of Bremen) even though in the fairy tale the animal musicians never actually make it to Bremen!

Rest day in Bruges

**Highlights** Guided walk of the city

We’ll enjoy a leisurely guided walk of the city before you are free to explore on your own. You may choose to visit the museums or stop in at some of the famous beer bars in town. Although none of the elite Trappist breweries are nearby you can stop in at almost any bar to have a thorough tasting. Or, simply enjoy meandering through town as Bruges is bustling with sites to see including its stepped gable houses, market square with the belfort, and historic neighborhoods such as the “Beguinage”, an architectural complex created to house a community of lay women from the 13th century.

Bruges to Geraardsbergen

**Highlights** Medieval Ghent, bike paths, canal riding.

Stop in at Ghent for lunch on your way south. Ghent became one of the richest cities in the world during the Middle Ages because of its wool industry. While not as wealthy as it once was, this lively university city is still one of the prettiest cities in Belgium. Admire its traditional tall Flemish buildings towering over the small streets and plazas. We pedal further south for the evening to the small town of Geraardsbergen, one of the oldest towns in Flanders.

Pedal through Wallonia and into France

**Highlights** National forest reserves, cross a border, bienvenue en France!

We are deep in Wallonia, the French-speaking part of Belgium. Wallonia or "Wallonie," as the French call it, makes up 55% of the geographic area of Belgium. It was the first industrialized region of continental Europe due to important coal and iron reserves. Today Wallonia is famous for its Trappist beers (Chimay and Orval are both in Wallonia) as well as some industry, services, and tourism. We'll leave Belgium today and enter France, spending the night in the hill border region.

**Liessies to Reims**

**Highlights** Hills, forests and agricultural rural land

Leave the forested hills which provided the charcoal industry what it needed to allow for the great industrial period of Wallonia in the 18th and 19th centuries. This geographical area, also known as the Ardennes due to the nearby mountain range of the same name, maintained an industrial feel into the 20th century, after coal replaced charcoal in metallurgy. Take a last look because you’ll soon enter the vast fields and rolling hills of Champagne and vineyards and wheat will replace forests as we pedal towards Reims.

**DAY 20**

**Rest day in Reims**

**Highlights** Rest in the capital city of Champagne

Reims is not only the capital of the Champagne region, but also home to the cathedral where the Kings of France were crowned starting in 987 A.D and was originally one of the most important cities for the Roman Empire. Reims has numerous sights to visit including its impressive cathedral so enjoy the day sightseeing or, rest your legs and sip some Champagne as you prepare to pedal the last few days towards Paris.

**DAY 21**

**Reims to Bergéres les vertus**

**Highlights** Hautvilliers, Montagne de Reims Nature Reserve

We leave Reims on a bike path this morning pedaling over rolling hills and through vineyards overlooking forests. The Montagne de Reims, where many of the Pinot Noir grapes are grown, is also home to an extensive nature park. As you pass through the wooded park you also will catch glimpses of hills full of vineyards. For lunch you might want to duck into the Abbey of Hautvilliers where Dom Perignon is buried. There are many myths about this Benedictine Monk, including one that he “invented” Champagne. Although this is unlikely, he was instrumental in establishing certain wine-making rules for the region, including some that are still followed today such as how to blend grapes from multiple vineyards.

**Bergères les Vertus to Meaux**

**Highlights** Ride through small villages on your way to Paris

We pedal from a world-famous wine producing region to a region known for its extensive wheat fields that are dotted with picturesque small roads and villages. Our destination today is the beautiful town of Meaux, best known for its Brie de Meaux and its special regional mustard. You can't go wrong with your culinary adventures if you stop and enjoy an aperitif before dinner. If you have time the Cathedral of Meaux is a fine example of Gothic architecture and was built over 400 years ago.

ON TOUR

BICYCLES

For a full list of what’s included with your bike see Our Bikes page. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. Please ask if you would like us to provide you with a gently used helmet and we will do so.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map each day or a briefing with the GPS tracks. On Classic, Bike and Boat, Spotlight and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks.

Before each tour we offer the opportunity to download GPS tracks of most tour routes to your personal GPS device or smartphone using RideWithGPS.com. We do not provide GPS tracks for tours in South America.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know.

*Tips are included in Expedition pricing.

PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day’s ride.

LEVEL 1 - 1.5
Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.

- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5
Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Gain:** 600 - 900m (2000 - 2800 ft)

LEVEL 5 (EXPEDITIONPLUS!)
Our ExpeditionPlus! tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.

- **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 500-2000 m (1600- 6500 ft)

REMEMBER
A tour level is the average of the days so we recommend you look at the day level on each day of the itinerary to help you better understand what to expect from your tour.
