Meander along bike paths and through sleepy villages to reach the small town of Melun where our boat will dock for the night on the ancient village island. Melun, born as a Gallic town was then a Roman mutatio. Those wanting more time on the bike can pedal an additional 25 km to visit two castles, the Vaux-le-Vicomte and Blandy medieval castle/village. We'll taste another specialty of town, the Brie de Melun. There is the option of bicycling an extra 25 km (15 miles). If you'd like to partake in the extra rides on this trip you will need to navigate using the Ride with GPS tracks that we will make available to you 30 days prior to your departure date.

Bicycle Tours in France: Bike and Barge the Seine Plus! Castles of the Loire**From Moret-sur-Loing to Nemours**

Highlights Medieval town of Moret-sur-Loing, Loing River biking, Nemours.

Spend some time this morning wandering the streets of quaint Moret-Sur-Loing, the fortified medieval town that inspired Impressionist painters including Monet and British artist Alfred Sisley. Our ride today takes us along the Loing River to another artist village. From here, you can choose to take a longer ride or continue along the river to reach our boat, docked in tiny medieval Nemours. Visit town and its medieval castle or, for a different take on the region's (pre)history, enjoy a visit to the interesting prehistorical museum, which houses rich archaeological collections from the Paleolithic period through the end of the Iron Age, excavated in the Île-de-France region. 17 km (10 miles) extra ride available.

Medieval Castles and Towns

Highlights Medieval castles and towns

The Loing River was "improved" in the early 18th Century in an effort to increase visits from merchants. We'll leapfrog the canal today as we pedal through forested areas and rural countryside to reach a private castle open to us for a visit and lunch. After lunch, we'll keep pedaling to the impressive fortified medieval town of Chateau Landon. An engaging guided walk through town brings to life the importance of this town—. A quick downhill brings us to our boat, docked on the Loing Canal in a tranquil spot for the night. 20 km (12 miles) extra ride available.

Montargis

Highlights Bourdelle Sculpture Garden, Ferrières Abbey, Montargis

An optional 13 km ride this morning takes you to a unique art spot in a nearby town. This garden museum honors influential and prolific 19th Century sculptor Antoine Bourdelle by hosting 58 of his bronze statues in a lovely garden. Keep pedaling to the small medieval town of Ferrières with its impressive Benedictine Abbey, tiny alleyways and historic wash houses. Take a break and wander through town before continuing south to arrive in Montargis, the second largest town of the region and a fitting ending destination to our barge trip as its medieval center is crisscrossed with canals and rivers. Our home for the next two nights! Enjoy dinner in town tonight. Extra ride available 14 km (9 miles).

Chambord and Blois

Highlights Guided visit of Chambord Castle, city of Blois

We'll say farewell to our boat today and make our way to the Castle of Chambord, one of the most famous chateaux of the Loire Valley. Some say Leonardo da Vinci designed the opulent 400-room Château de Chambord when he lived at the royal court. Opulence is key here: The Château nearly bankrupted the French treasury before its completion in 1685. Enjoy a unique behind-the-scenes tour of the castle late morning before heading to Blois, a different and lively feel compared to the tranquil villages we've visited on our boat tour. Stroll through town to see its Castle, the cathedral and gardens that dot the city. 30 km (18 miles), or 13 km (8 miles) extra miles available. Consider that if you do add miles you will arrive in Blois late and likely won't have much free time before our group visit of Chambord Castle.

After dropping your canoe and a lunch together, we head off by bike to explore the castle, once occupied by Diane de Poitiers, mistress to Henri II. After the king's death in 1599, Queen Catherine de Medici reclaimed the castle and evicted de Poitiers. You can still explore the two separate gardens created for these two women.

- **Terrain:** Expect and be prepared for any and everything.

REMEMBER

It is almost always possible to adapt the day's ride to how you are feeling either by taking advantage of the support van, or asking tour leaders for additional mileage.

Need More Miles? On just about every day of every tour it is possible to add miles to the day. Just talk to your tour leader about the options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

Chalk Dust Arrows. Remember, no matter what level of tour you choose ExperiencePlus! uses chalk dust arrows to mark our routes so riders can take the day at their own pace! Whether you prefer to stop at every gelateria, take a hundred photos a day, or push to achieve a new personal best you'll be happy on our tours.

WHAT TO EXPECT**BICYCLES**

Your bike will be equipped with: a men's or women's saddle, a quick release style seat post adjustment, rear rack and expandable pack, pump, patch kit, spare tube, cable lock, cyclometer, rear lights, a water bottle cage (or two) and a water bottle (or two) and a bell. If you would like to bring your own pedals and shoes we recommend doing so—your tour leaders will install them during the bike fitting. We have flat pedals with or without cages available. For safety and hygiene reasons we recommend you bring your own helmet.

Daily Routine (Procedures and Logistics)**DAYSHEETS**

Each day you'll receive a daysheet with information on the day's activities, meals and ride, which will be discussed during a briefing. The Daysheets also include Tour Leader phone numbers, hotel information and interesting historical and cultural information about sites that you may want to stop and see along the route. Your Tour Leaders will also post daily announcements in the hotel lobby with information about sightseeing in town or restaurant recommendations for dinners on your own as well as important information about breakfast, luggage down and "arrows down" time.

NAVIGATING ON TOUR

Daily we provide you with a highlighted route map. Of course, we also mark the route every day with our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map! The arrows also allow you to ride at your own pace. There is no need to "keep up" with the group—this is your ride!

But what if it rains? What happens to the arrows? In a light rain, the arrows actually "set up" and become more permanent. In a heavy rain, they do wash away. If that happens, we'll re-group to cycle together for those who want to continue cycling while those who prefer to stay dry can shuttle.

For the tech-loving riders out there we offer the opportunity to download GPS tracks of most tour routes to your personal GPS device using RideWithGPS.com. Tracks available upon request three to four weeks prior to the departure.

VAN SUPPORT

Full van support including: luggage shuttle, water and snack resupply, mechanical assistance, and rides for tired cyclists!

HOTELS

We have carefully chosen all of our accommodations for their charm and location. They are typically small, family run hotels that offer you a glimpse into the local culture. We prefer hotels near interesting sites in the center of town located along the best cycling route in the area. Because many of the hotels are small not all of the rooms will be exactly the same. We keep this in mind and do our best to distribute rooms fairly by the end of the tour. Our itinerary lists our primary hotels. On rare occasions, listed hotels are subject to change.

MEALS AND RESTAURANTS

Breakfasts: we work hard to arrange complete breakfasts but some hotels still serve continental style breakfasts; cycling is energy intensive so we do recommend you plan for a morning or mid-morning snack on the road at a local café or market.

Water is OK in almost all hotels and in country fountains; if there is a problem, we will advise you.

We'll recommend lunch locations en route and most itineraries include a few group picnics. We limit the number of picnics so you don't feel pressured to be at a certain place in the middle of your ride.

Dinners together are often pre-planned and pre-ordered. We'll ask you if you have special dietary requirements. Pre-planned meals allow us to provide a variety of regional specialties and facilitate efficient service. Water, wine and beer are included.

TIPPING YOUR TOUR LEADER TEAM

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this for the entire tour leader team, not each Tour Leader. If you'd like to show your gratitude for your Tour Leaders' excellent service you can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your Tour Leaders did not quite meet your expectations, then we would like to know about it. You will also have the opportunity to leave your comments in our evaluation survey which we email to you after your trip.
