### OVERVIEW

A paved and dirt bicycling adventure through the southernmost coastal region of Portugal, the Algarve. You will begin in Vila Real de Santo António as you pedal towards the lively, small city of Lagos, with an expansive marina filled with gorgeous yachts, numerous restaurants to choose from and a bustling shopping area. Along the way you will cycle past ocher cliffs, citrus groves, sleepy beach towns and experience the warm culture of the Algarve. Ride through valleys filled with dense cushions of Mediterranean vegetation defined by their rocky surroundings, and along clear water streams. Explore the Natural Park of Ria Formosa, a lagoon system that extends over 60 km (37 miles) of the coastline and is home to hundreds of bird species. Discover the lovely Moorish town of Silves and the cliff site of Ponta da Piedade in Lagos. Join us to cycle under sunny skies, and over a variety of paved and dirt terrain as you explore sandy shores as far as the eyes can see, soaring cliffs, whitewashed fishing villages, and a true taste of the warm Mediterranean culture.

### Bicycle Tours in Portugal: Explorer: Cycling the Algarve

#### Arrive in Vila Real de Santo António

**Highlights** Start on the border between Spain and Portugal

Welcome to the Algarve and Vila Real de Santo António! The Romans, Phoenicians, and Moors have all left their mark on this ancient city with evidence of a Stone Age settlement dating to 5,000 B.C., although many of the historic buildings were destroyed in the massive 1755 earthquake. The nearby Reserva Natural do Sapal salt pans and marshland make for a unique ecological habitat particularly attractive to flamingos and other water birds. The vast white-sand beaches attract people from far and wide to come, play and relax in this calm and invitingly warm section of the Atlantic Ocean. The Spanish village of Ayamonte just across the river is known for its salt industry and fishing community offering an intriguing mix of modern and medieval ripe for your exploration. We'll fit bikes and do a test ride this afternoon before a mouthwatering dinner of local specialties together.

#### Vila Real de Santo António to Tavira

**Highlights** Bird Watching and Medieval Tavira

The ride to Tavira will take you through salt marshes, orchards, and you might even spot your first cork trees. Once in Tavira, we recommend taking some time to explore the architectural heritage which reflects Roman, Arab and Christian influences. Enjoy a relaxing day strolling cobbled streets, and check out some of the 22 churches in this town layered with Portuguese history. (If you only have time for one, visit the church of Santa Maria do Castelo, which was built in the 13th century on the site of what was probably one of the largest Moorish mosques in the Algarve.) \*\*\*The October 9, 2024 departure will stay at the Residencial Mares.

#### From Tavira to Sao Bras de Alportel

**Highlights** Ria Formosa, The fruits of Algarve

Today's ride from Tavira along the incredible Ria Formosa is one of the most beautiful natural parks in Portugal. This is an absolute paradise for birdwatchers and part of the Natura 2000 Network. Breathtaking coastal views will be another of many highlights today. As you approach the destination, you will cycle inland and ride past orchards and typical villages of the region. Keep your eyes (and nose!) peeled for vast areas of orange trees along the way. Our destination is São Brás de Alportel, which was once the biggest cork producing center in Portugal.

#### From São Bras de Alportel to Alte

**Highlights** Algarve Mountains and Alte

Today's ride is challenging and well worth the effort as the scenery is even more breathtaking than the climbs as you cycle north through rolling hills close to the Algarve mountain range. A mixture of roads and trails will take you through lush green fields. The cycling is fresh with Mediterranean flora and fauna that will invigorate both your lungs and spirit. Our destination is the lovely hillside village of Alte, which is famous for its artisans, whitewashed houses and freshwater springs. The presence of water year-round in an otherwise arid region adds to the unique charm of this town.

#### Alte to Silves

**Highlights** Cork tree forests, Silves

Today you'll cycle along dirt roads and paths winding through green valleys as you head towards Arade Dam. This has to be a contender for one of the most beautiful rides ever. You'll wind your way along a reservoir and then enter a forest of cork-oak trees, and then gently cruise down the valley towards your destination, Silves. This town has a fascinating history as it was the former capital of the Kingdom of the Algarve. Take a stroll and explore the Silves castle and the Moorish architectural sites. Road Surface: 80% gravel, 20% paved.

#### DAY 5: Thu, Dec 8th

#### Silves to Lagos

**Highlights** Beaches, Lagos

Today's ride is rewarded with great views of the Atlantic! The journey continues along the Odelouca River, enjoy this rural area and typical Portuguese villages like Odiáxere which you'll pass along the way. The path leads you to the Atlantic Ocean and an incredible beach wrapped around one of Europe's largest bays. This golden-sand beach is called "Meia Praia" (which translates to "half beach"), funny enough because it's actually one of the longest beaches of the Algarve and is renowned for its spaciousness and tranquility. After enjoying the coast, you will cycle to our final destination, the cosmopolitan city of Lagos. We'll have a special dinner tonight to celebrate our journey. Road Surface: 35% gravel, 65% paved.

#### DAY 6: Fri, Dec 9th

**Distance** 48 km (30 mi)  
**Gain** 522 m (1712 ft)

**INCLUDED****WHAT'S INCLUDED**

When you book a tour with ExperiencePlus! our goal is to ensure your only focus each day is to hop on your bike and explore scenic cycling routes in new destinations. Inclusions may differ depending on which tour style you pick but all ExperiencePlus! tours include what we believe are the most important aspects of a bike tour.

- On all our guided tours, you can expect superb tour leaders who are fun and multilingual, bi-cultural experts, and cycling enthusiasts. They will support you and help you navigate confidently on and off the road.
- High quality bikes selected for the terrain you are cycling on and correct bike fitting to ensure comfortable cycling.
- Thoughtfully designed itineraries and routes that take advantage of stunning cycling destinations and the freedom of bicycle travel. Plus, all the logistics are taken care of.

**PRE-TRIP SUPPORT**

- Bicycle training programs designed specifically for your tour and fitness level.
- Planning tips on what to pack, hotel recommendations and other helpful details from our Travel Planning Pages: <https://www.experienceplus.com/travel-planning/>
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing EP!
- \*Traveler services including assistance booking extra nights at the tour starting and ending hotels. (\*Explorer and Self-guided tour styles excluded)
- See "What's Included" for tour-specific inclusions and be sure to check the "Keep in mind" section under "Tour Summary" online.

**BICYCLES**

For a full list of what's included with your bike see: <https://www.experienceplus.com/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer and Self-guided tours we include a GPS device on all bikes.

**NAVIGATING, DAYSHEETS AND VAN SUPPORT:**

On a guided tour, each day you'll receive a daily briefing with a highlighted route map. On a self-guided tour you'll receive a comprehensive orientation and bike fit on the first or second morning of your trip. About 14 days prior to your tour, we will provide you with access to

RideWithGPS Experiences, our platform to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information on the RWGPS Experience includes important phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks.

On a guided tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths. On a self-guided tour you will have luggage transfers that will transport your bags from one hotel to the other.

**Need More Miles?** On many days it is possible to add miles to the day, just talk to your tour leader about your options or ask when you are planning your self-guided trip.

**Need Fewer Miles?** On a guided tour, the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. On a self-guided tour we recommend you review the tour level to make sure you can ride the full distance.

**ON A GUIDED TOUR: TIPPING YOUR TOUR LEADERS**

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5-8% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know.

\*Tips are included in Expedition pricing and not expected on self-guided tours.

**PHOTOS:**

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or that are taken by our guides or other travelers, in any medium, including but not limited to print, electronic media, or Internet, free of charge and without your right to inspection. If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

**LEVEL 1 - 1.5**

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

**LEVEL 2 - 2.5**

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
