Tour begins in Krakow

**Highlights** Medieval Krakow, Krakow market square, Royal Wawel Castle, Vistula River

Krakow is one of Europe’s most beautiful cities and has been on UNESCO’s list of World Heritage sites since 1978. It was spared from devastation during World War II and retains a multitude of architectural and urban planning examples from the 12th century. The city is dominated by the Royal Wawel Castle sitting on a rise above the Vistula River. Below the castle lies the Medieval city, home to one of the largest market squares in Europe. You’ll want to spend at least one extra day, if not two, in Krakow before our tour begins. We fit bicycles this afternoon and will enjoy an inaugural dinner together this evening.

Krakow Loop

**Highlights** Wieliczka, Salt Mines

An invigorating loop out of Krakow takes us to the historic town of Wieliczka this morning. Wieliczka is famous for its salt mine, which operated continuously from the 13th century until 2007. Almost 300 kilometers of passageways spread under the town, and the mine boasts an underground lake, and four chapels carved from the salt by the miners. We’ll return to Krakow this afternoon to see more of this stunning city.

Bicycle from Krakow to Mszana Dolna

**Highlights** Open air skansen (museum village) in Dobczyce

We bicycle southeast out of Krakow passing through Dobczyce. This town shares a reservoir of the same name that boasts the remains of a 13th century castle and an open air village of 18th and 19th century traditional architecture. Stop for coffee and lunch supplies before continuing on to Mszana Dolna where we spend the night.
### Mszana Dolna to Cervený Klástor

**Highlights** Rolling hills, Pieniny National Park Poland & Slovakia

Today’s ride takes us to the border between Poland and Slovakia and into the heart of the Pieniny National Park. The Pieniny Mountains are one of many small mountain ranges that make up the larger Carpathian Mountain chain and we will pass right through them as we enter Slovakia on a bike and pedestrian-only path along a scenic gorge. This is a rare opportunity and one of the only no-car border crossings we encounter. Our hotel tonight sits along the banks of the Dunajec River.

**Distance** 65 km (41 mi)
**Meals** Breakfast, Dinner
**Lodging** Kupele Cerveny Klaster

### Cervený Klástor to Levoca

**Highlights** Levoca

Today’s ride heads to the heart of the Spis region, a territory rich in northern Slovakian history. Once known for its wealthy traders, craftsmen, and miners, it’s no wonder that two of Slovakia’s five UNESCO World Heritage sites are located here. We’ll continue pedaling through valleys of narrow fields, where grass is still hand-cut by scythes and carried in horse-drawn wagons. We’ll have two nights in the ancient town of Levoca, once an important town for commerce. Today, Levoca is probably best known as the home of the medieval sculptor Master Paul of Levoca. Be on your best behavior today so as to not end up in the 17th century “Cage of Shame” in front of the town hall.

**Distance** 74 km (46 mi)
**Meals** Breakfast
**Lodging** Hotel U Leva

### Bicycle Levoca Loop

**Highlights** UNESCO Castle in Spis, Historic square of Spisska Nova Ves

Our ride today takes us to Spisska Hrad (UNESCO), the largest castle in Slovakia. With the silhouette of the Spis castle behind us, we ride by the French Chateau Markušovce towards Spisska Nova Ves. Enjoy its historic and stunning square and an amazing view of the town from the highest church tower in Slovakia (87 m). All of these sights along the Poprad River valley are recognized world heritage UNESCO sites.

**Distance** 53 km (33 mi)
**Meals** Breakfast
**Lodging** Hotel U Leva
### Levoca - Poprad

**Highlights** Poprad, Slovak Paradise National Park

As you ride today you'll have the forests that make up part of the Slovak Paradise national park on one side and the High Tatra mountains on the other side. You'll also ride by the beautiful gothic chapel of Spissky Stvrtok, a church built by Master Hans Puchsbaum, the same architect to build St. Stephen's Cathedral in Vienna.

Travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. Our tour levels fall on a scale of 1 - 5. In addition to the overall tour level we have developed daily level summaries to provide an even more detailed look at what kind of cycling you can expect from each day on tour. You’ll find all of the details including mileage, elevation gain, terrain and level for each day of the itinerary to help you better understand what to expect from your tour.

**LEVEL 1 - 1.5**

This day will be mostly flat and the distance will rarely exceed 30 km. - **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Terrain:** Expect and be prepared for any and everything.

**REMEMBER**

It is almost always possible to adapt the day's ride to how you are feeling either by taking advantage of the support van, or asking tour leaders for additional mileage.

**Need More Miles?** On just about every day of every tour it is possible to add miles to the day. Just talk to your tour leader about the options.

**Need Fewer Miles?** If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

**Chalk Dust Arrows.** Remember, no matter what level of tour you choose ExperiencePlus! uses chalk dust arrows to mark our routes so riders can take the day at their own pace! Whether you prefer to stop at every gelateria, take a hundred photos a day, or push to achieve a new personal best you'll be happy on our tours.
WHAT TO EXPECT

BICYCLES
Your bike will be equipped with: a men’s or women’s saddle, a quick release style seat post adjustment, rear rack and expandable pack, pump, patch kit, spare tube, cable lock, cyclometer, rear lights, a water bottle cage (or two) and a water bottle (or two) and a bell. If you would like to bring your own pedals and shoes we recommend doing so—your tour leaders will install them during the bike fitting. We have flat pedals with or without cages available. For safety and hygiene reasons we recommend you bring your own helmet.

DAILY ROUTINE (PROCEDURES AND LOGISTICS)

DAYSHEETS
Each day you’ll receive a daysheet with information on the day’s activities, meals and ride, which will be discussed during a briefing. The Daysheets also include Tour Leader phone numbers, hotel information and interesting historical and cultural information about sites that you may want to stop and see along the route. Your Tour Leaders will also post daily announcements in the hotel lobby with information about sightseeing in town or restaurant recommendations for dinners on your own as well as important information about breakfast, luggage down and "arrows down" time.

NAVIGATING ON TOUR
Daily we provide you with a highlighted route map. Of course, we also mark the route every day with our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map! The arrows also allow you to ride at your own pace. There is no need to "keep up" with the group—this is your ride!

But what if it rains? What happens to the arrows? In a light rain, the arrows actually "set up" and become more permanent. In a heavy rain, they do wash away. If that happens, we’ll re-group to cycle together for those who want to continue cycling while those who prefer to stay dry can shuttle.

For the tech-loving riders out there we offer the opportunity to download GPS tracks of most tour routes to your personal GPS device using RideWithGPS.com. Tracks available upon request three to four weeks prior to the departure.

VAN SUPPORT
Full van support including: luggage shuttle, water and snack resupply, mechanical assistance, and rides for tired cyclists!

HOTELS
We have carefully chosen all of our accommodations for their charm and location. They are typically small, family run hotels that offer you a glimpse into the local culture. We prefer hotels near interesting sites in the center of town located along the best cycling route in the area. Because many of the hotels are small not all of the rooms will be exactly the same. We keep this in mind and do our best to distribute rooms fairly by the end of the tour. Our itinerary lists our primary hotels. On rare occasions, listed hotels are subject to change.

MEALS AND RESTAURANTS
Breakfasts: we work hard to arrange complete breakfasts but some hotels still serve continental style breakfasts; cycling is energy intensive so we do recommend you plan for a morning or mid-morning snack on the road at a local café or market.

Water is OK in almost all hotels and in country fountains; if there is a problem, we will advise you.

We’ll recommend lunch locations en route and most itineraries include a few group picnics. We limit the number of picnics so you don’t feel pressured to be at a certain place in the middle of your ride.

Dinners together are often pre-planned and pre-ordered. We’ll ask you if you have special dietary requirements. Pre-planned meals allow us to provide a variety of regional specialties and facilitate efficient service. Water, wine and beer are included.

TIPPING YOUR TOUR LEADER TEAM
If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this for the entire tour leader team, not each Tour Leader. If you’d like to show your gratitude for your Tour Leaders’ excellent service you can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your Tour Leaders did not quite meet your expectations, then we would like to know about it. You will also have the opportunity to leave your comments in our evaluation survey which we email to you after your trip.
