

Bicycle Tours in Italy: Bike Across Italy - Venice to Pisa

OVERVIEW

This is it - the classic bicycle tour that we started with back in 1972! We begin in romantic Venice, make stops in the great art cities of Ferrara, Ravenna & Florence, and end on the Mediterranean coast in Pisa. Along the way, you'll enjoy gourmet meals from two of Italy's best culinary regions (Emilia-Romagna & Tuscany), take in local markets, and discover a side of Italy seldom seen by tourists. You'll also visit "the farm" (it's been in Paola Malpezzi-Price's family for more than 100 years) for a light lunch and a close-up look at rural life in Italy. This is our most popular cycling tour.

If this sounds great but you don't have time for the full 12 days, check out our [Bicycling Venice to Florence](#) tour, which features the first 8 days of this itinerary.

Travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. Our tour levels fall on a scale of 1 - 5. In addition to the overall tour level we have developed daily level summaries to provide an even more detailed look at what kind of cycling you can expect from each day on tour. You'll find all of the details including mileage, elevation gain, terrain and level for each day of the itinerary to help you better understand what to expect from your tour.

- **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Terrain:** Expect and be prepared for any and everything.

REMEMBER

It is almost always possible to adapt the day's ride to how you are feeling either by taking advantage of the support van, or asking tour leaders for additional mileage.

Need More Miles? On just about every day of every tour it is possible to add miles to the day. Just talk to your tour leader about the options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

Chalk Dust Arrows. Remember, no matter what level of tour you choose ExperiencePlus! uses chalk dust arrows to mark our routes so riders can take the day at their own pace! Whether you prefer to stop at every gelateria, take a hundred photos a day, or push to achieve a new personal best you'll be happy on our tours.

WHAT TO EXPECT**BICYCLES**

Your bike will be equipped with: a men's or women's saddle, a quick release style seat post adjustment, rear rack and expandable pack, pump, patch kit, spare tube, cable lock, cyclometer, rear lights, a water bottle cage (or two) and a water bottle (or two) and a bell. If you would like to bring your own pedals and shoes we recommend doing so—your tour leaders will install them during the bike fitting. We have flat pedals with or without cages available. For safety and hygiene reasons we recommend you bring your own helmet.

Daily Routine (Procedures and Logistics)**DAYSHEETS**

Each day you'll receive a daysheet with information on the day's activities, meals and ride, which will be discussed during a briefing. The Daysheets also include Tour Leader phone numbers, hotel information and interesting historical and cultural information about sites that you may want to stop and see along the route. Your Tour Leaders will also post daily announcements in the hotel lobby with information about sightseeing in town or restaurant recommendations for dinners on your own as well as important information about breakfast, luggage down and "arrows down" time.

NAVIGATING ON TOUR

Daily we provide you with a highlighted route map. Of course, we also mark the route every day with our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map! The arrows also allow you to ride at your own pace. There is no need to "keep up" with the group—this is your ride!

But what if it rains? What happens to the arrows? In a light rain, the arrows actually "set up" and become more permanent. In a heavy rain, they do wash away. If that happens, we'll re-group to cycle together for those who want to continue cycling while those who prefer to stay dry can shuttle.

For the tech-loving riders out there we offer the opportunity to download GPS tracks of most tour routes to your personal GPS device using RideWithGPS.com.

VAN SUPPORT

Full van support including: luggage shuttle, water and snack resupply, mechanical assistance, and rides for tired cyclists!

HOTELS

We have carefully chosen all of our accommodations for their charm and location. They are typically small, family run hotels that offer you a glimpse into the local culture. We prefer hotels near interesting sites in the center of town located along the best cycling route in the area. Because many of the hotels are small not all of the rooms will be exactly the same. We keep this in mind and do our best to distribute rooms fairly by the end of the tour. Our itinerary lists our primary hotels. On rare occasions, listed hotels are subject to change.

MEALS AND RESTAURANTS

Breakfasts: we work hard to arrange complete breakfasts but some hotels still serve continental style breakfasts; cycling is energy intensive so we do recommend you plan for a morning or mid-morning snack on the road at a local café or market.

Water is OK in almost all hotels and in country fountains; if there is a problem, we will advise you.

We'll recommend lunch locations en route and most itineraries include a few group picnics. We limit the number of picnics so you don't feel pressured to be at a certain place in the middle of your ride.

Dinners together are often pre-planned and pre-ordered. We'll ask you if you have special dietary requirements. Pre-planned meals allow us to provide a variety of regional specialties and facilitate efficient service. Water, wine and beer are included.

TIPPING YOUR TOUR LEADER TEAM

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this for the entire tour leader team, not each Tour Leader. If you'd like to show your gratitude for your Tour Leaders' excellent service you can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your Tour Leaders did not quite meet your expectations, then we would like to know about it. You will also have the opportunity to leave your comments in our evaluation survey which we email to you after your trip.
