Keep in Mind	<p>We work hard to maintain consistency across all of our tours, but some trips have unique differences. Here are some things to keep in mind about this tour.</p> <p>Because the barges run on a set schedule you will be required to get to the next docking point on time. We have planned the mileage each day so that this should not be a burden. There are only 4 single supplements available. Cabin space is limited so consider the size of your luggage. A 25 inch suitcase will fit under the bed. WiFi may be sporadic on board the barge.</p> <p>For more questions about the Barge check out our Bike & Boat FAQ</p>

Bicycling along the Hollandic Waterline

Highlights Forts of Muider slot and Weesp, town of Muiden, Utrecht, dinner on board

Follow bike paths out of Amsterdam and head into the region of the Hollandic Waterline, a defense system born in the 17th Century where castles and military forts with integrated systems of flooding could be used to turn Holland into an island to keep out invaders. A century later the water froze creating a bridge for the French army to attack. This plan has left several imposing forts including Muider slot and Weesp which we'll cycle past today. Enjoy local farmland and beautiful canals flanked by villas before entering the tiny, quaint center of Utrecht. This university town is home to unique bars dug into old working tunnels. Later, we'll cruise toward our landing spot for the night and enjoy dinner on-board. 2019 - May departure will be aboard the Fleur. July departure will be on the Magnifique. May 2020 aboard the Fleur.

Breakfast cruise and bicycle to Tholen

Highlights Willemstad, a do-it-yourself-moving-bridge; picnic lunch; Roosevelt heritage museum; Tholen; working windmill visit

Another breakfast cruise takes us to Willemstad, a strikingly star shaped fortified town on the shores where the Holland Diep river splits into multiple rivers as it rushes out to sea. Experience the do-it-yourself-moving-bridge before reaching the town of Oud Vossemeer, where the Roosevelt name was very present in the 17th and 18th centuries (and still is), leading many to theorize that the American Roosevelt family whose Dutch ancestor arrived in the US in 1650 was probably from this town. Next we'll pedal south to Tholen which was once an island in this giant estuary-like environment, but is now connected to the mainland. We'll enjoy a visit to a working windmill this evening. 2019 - May departure will be aboard the Fleur. July departure will be on the Magnifique. May 2020 aboard the Fleur.

Pedal and cruise into Antwerp, Belgium

Highlights Dairy visit and tasting; cruise into Antwerp; visit "Onze Lieve Vrouwe (Our Lady) Cathedral" home to several of Rubens' paintings

Set off on bikes for a morning ride which includes stopping at a local dairy farm where ice cream and cheese tastings are a must! We'll get back to the boat before lunch to cruise into Antwerp, enjoying a unique view of the port and harbor as our barge makes its way to the city of diamonds. We'll enjoy a guided visit of Flemish painter Peter Paul Rubens' art in the city's Cathedral. After which you can head off to visit the rest of the city, including the historic city center, the diamond district, or the Red Star Line Museum from where 2 million emigrants shipped off to North America between 1873 and 1934. Explore the city and enjoy dinner on your own this evening before returning to our boat for a restful night's sleep. 2019 - May departure will be aboard the Fleur. July departure will be on the Magnifique. May 2020 aboard the Fleur.

Antwerp to Dendermonde

Highlights Schelde riverbank bike path; Dendermonde; Bosteels Brewery

We'll leave the city of Antwerp and return to the countryside cycling on small roads and along the Schelde river bike path. Bicycle Tours in Belgium: Bike and Barge: Amsterdam to Bruges Plus! Belgium's Breweries**Bicycle and Cruise into Ghent**

Highlights Bicycle beside stately villas; Ghent's rich historic center

This morning we will continue to cycle along the river before branching north through historic marshes. These marshes are where sheep production thrived due to the nutritious grasses, subsequently, Ghent became one of the richest cities in the world during the Middle Ages because of its woolen industry. A bike path along the Schelde river brings us to our boat, which we'll board for lunch as it cruises closer to the city center. While we are docked in a suburb, we'll transfer into the historical center for a visit. This lively university city is still one of the prettiest cities in Belgium. Admire its traditional, tall Flemish buildings towering over the small streets and plazas. Enjoy dinner on your own in one of the many restaurants or cafés. 2019 - May departure will be aboard the Fleur. July departure will be on the Magnifique. May 2020 aboard the Fleur.

Bicycle Ghent to Bruges

Highlights Breakfast cruise, Bruges, UNESCO World Heritage Site Medieval City Center

Highlights: Breakfast cruise, Bruges, UNESCO World Heritage Site Medieval City Center Start the day with a short breakfast cruise before setting off on your bicycle to ride into the crown jewel of Belgium, Bruges. We'll be moored in the city center, providing excellent access to Bruges's many treasures. Stroll along the canals that were once main arteries of the city and don't miss a visit to the medieval square and City Hall. This city is characterized by its fantastic architecture. Bruges is bustling with additional sites to see including the stepped gable houses, market square with the belfort, and historic neighborhoods such as the "Beguinage", a community of lay women from the 13th century to visit. Loop to Ieper (Ypres in French) and Flanders Field Museum

Highlights Ieper and Flanders Field Museum, chocolate tasting

A loop ride today takes us to some important WWI sites where more than half a million Allied and German soldiers died in three major battles between 1914 and 1917. Ypres was strategic to the German's planned invasion of France, and the Allied soldiers were able to put up effective resistance due to the topography: low lying hills parallel with the French Belgian border created natural "trenches" from which to fight. Visit the Flanders Field museum that starkly documents the war's impact, and admire the completely rebuilt town as it was razed to the ground in 1917 due to the artillery fighting. Back in town, enjoy a chocolate tasting before our final dinner together.

**LEVELS**

Travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. Our tour levels fall on a scale of 1 - 5. In addition to the overall tour level we have developed daily level summaries to provide an even more detailed look at what kind of cycling you can expect from each day on tour. You'll find all of the details including mileage, elevation gain, terrain and level for each day of the itinerary to help you better understand what to expect from your tour.

LEVEL 1 - 1.5

This day will be mostly flat and the distance will rarely exceed 30 km. - **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Terrain:** Expect and be prepared for any and everything.

REMEMBER

It is almost always possible to adapt the day's ride to how you are feeling either by taking advantage of the support van, or asking tour leaders for additional mileage.

Need More Miles? On just about every day of every tour it is possible to add miles to the day. Just talk to your tour leader about the options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

Chalk Dust Arrows. Remember, no matter what level of tour you choose ExperiencePlus! uses chalk dust arrows to mark our routes so riders can take the day at their own pace! Whether you prefer to stop at every gelateria, take a hundred photos a day, or push to achieve a new personal best you'll be happy on our tours.

WHAT TO EXPECT**BICYCLES**

Your bike will be equipped with: a men's or women's saddle, a quick release style seat post adjustment, rear rack and expandable pack, pump, patch kit, spare tube, cable lock, cyclometer, rear lights, a water bottle cage (or two) and a water bottle (or two) and a bell. If you would like to bring your own pedals and shoes we recommend doing so—your tour leaders will install them during the bike fitting. We have flat pedals with or without cages available. For safety and hygiene reasons we recommend you bring your own helmet.

Daily Routine (Procedures and Logistics)**DAYSHEETS**

Each day you'll receive a daysheet with information on the day's activities, meals and ride, which will be discussed during a briefing. The Daysheets also include Tour Leader phone numbers, hotel information and interesting historical and cultural information about sites that you may want to stop and see along the route. Your Tour Leaders will also post daily announcements in the hotel lobby with information about sightseeing in town or restaurant recommendations for dinners on your own as well as important information about breakfast, luggage down and "arrows down" time.

NAVIGATING ON TOUR

Daily we provide you with a highlighted route map. Of course, we also mark the route every day with our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map! The arrows also allow you to ride at your own pace. There is no need to "keep up" with the group—this is your ride!

But what if it rains? What happens to the arrows? In a light rain, the arrows actually "set up" and become more permanent. In a heavy rain, they do wash away. If that happens, we'll re-group to cycle together for those who want to continue cycling while those who prefer to stay dry can shuttle.

For the tech-loving riders out there we offer the opportunity to download GPS tracks of most tour routes to your personal GPS device using RideWithGPS.com. Tracks available upon request three to four weeks prior to the departure.

VAN SUPPORT

Full van support including: luggage shuttle, water and snack resupply, mechanical assistance, and rides for tired cyclists!

HOTELS

We have carefully chosen all of our accommodations for their charm and location. They are typically small, family run hotels that offer you a glimpse into the local culture. We prefer hotels near interesting sites in the center of town located along the best cycling route in the area. Because many of the hotels are small not all of the rooms will be exactly the same. We keep this in mind and do our best to distribute rooms fairly by the end of the tour. Our itinerary lists our primary hotels. On rare occasions, listed hotels are subject to change.

MEALS AND RESTAURANTS

Breakfasts: we work hard to arrange complete breakfasts but some hotels still serve continental style breakfasts; cycling is energy intensive so we do recommend you plan for a morning or mid-morning snack on the road at a local café or market.

Water is OK in almost all hotels and in country fountains; if there is a problem, we will advise you.

We'll recommend lunch locations en route and most itineraries include a few group picnics. We limit the number of picnics so you don't feel pressured to be at a certain place in the middle of your ride.

Dinners together are often pre-planned and pre-ordered. We'll ask you if you have special dietary requirements. Pre-planned meals allow us to provide a variety of regional specialties and facilitate efficient service. Water, wine and beer are included.

TIPPING YOUR TOUR LEADER TEAM

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this for the entire tour leader team, not each Tour Leader. If you'd like to show your gratitude for your Tour Leaders' excellent service you can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your Tour Leaders did not quite meet your expectations, then we would like to know about it. You will also have the opportunity to leave your comments in our evaluation survey which we email to you after your trip.
