Bicycle Tours in Belgium: Bike and Barge: Amsterdam to Bruges

OVERVIEW

The Netherlands and Belgium are a cycling paradise with bike paths, flat terrain and plenty to see and do along the way. On this bike and barge tour you will discover the southern region of Zeeland in the Netherlands and dip into the West Flanders region of Belgium. By day you'll bicycle through polders (reclaimed wetlands rich for agriculture or pastureland) and small villages, in the evening you'll sleep on a luxury barge. Cruise through canals and pedal along bike paths between the world famous cities of Amsterdam, Antwerp, Ghent, and Bruges. Visit iconic places like Gouda (pronounced Gowda) and taste its famous cheese. Pedal past the famous windmills of Kinderdijk and delve deep into local culture when we meet small cheese farmers and visit a working windmill in the small town of Tholen.

Day to Day Itinerary

Bicycle Tours in Belgium: Bike and Barge: Amsterdam to Bruges

Arrive Amsterdam

**Highlights** Amsterdam, bike fitting and test ride, welcome dinner

Welcome to the vibrant capital city of Holland, Amsterdam! We hope you arrived a few days early to visit some of the highlights of this colorful city — between its museums, canals, hip locales and lively night scene there is plenty to explore. Settle into our hotel where we’ll have our safety meeting and bike fitting followed by our first spin on the bikes before a special dinner together.

Bicycling along the Hollandic Waterline

**Highlights** Forts of Muiderslot and Weesp, town of Muiden, Utrecht, dinner on board

Follow bike paths out of Amsterdam and head into the region of the Hollandic Waterline, a defense system born in the 17th Century where castles and military forts with integrated systems of flooding could be used to turn Holland into an island to keep out invaders. A century later the water froze creating a bridge for the French army to attack. This plan has left several imposing forts including Muiderslot and Weesp which we'll cycle past today. Enjoy local farmland and beautiful canals flanked by villas before entering the tiny, quaint center of Utrecht. This university town is home to unique bars dug into old working tunnels. Later, we'll cruise toward our landing spot for the night and enjoy dinner on-board.

Bike to town of Gouda and Kinderdijk windmills

**Highlights** Schoonhoven - famous for its silversmiths, Gouda cheese museum and tasting, UNESCO World Heritage Kinderdijk windmills

This morning our barge will cruise for a few hours to reach the town of Schoonhoven, famous for its silversmiths and carillon makers. Bicycle through town and check out the town hall’s clock-tower bells before heading to Gouda, famous for its orange cheese. Enjoy a visit to the town’s cheese museum, and pick-up some picnic supplies (cheese anyone?) to enjoy at your next stop: the UNESCO World Heritage Site of Kinderdijk. Here 19 majestic windmills are aligned to form a stunning sight. After exploring we'll keep pedaling south to rejoin our boat in Dordrecht. Enjoy dinner on-board and perhaps a leisurely walk in town to enjoy the center.
Day to Day Itinerary

Bicycle Tours in Belgium: Bike and Barge: Amsterdam to Bruges

Breakfast cruise and bicycle to Tholen

**Highlights** Willemstad, a do-it-yourself-moving-bridge; picnic lunch; Roosevelt heritage museum; Tholen; working windmill visit

Another breakfast cruise takes us to Willemstad, a strikingly star shaped fortified town on the shores where the Holland Diep river splits into multiple rivers as it rushes out to sea. Experience the do-it-yourself-moving-bridge before reaching the town of Oud Vossemeer, where the Roosevelt name was very present in the 17th and 18th centuries (and still is), leading many to theorize that the American Roosevelt family whose Dutch ancestor arrived in the US in 1650 was probably from this town. Next we'll pedal south to Tholen which was once an island in this giant estuary-like environment, but is now connected to the mainland. We'll enjoy a visit to a working windmill this evening.

**Pedal and cruise into Antwerp, Belgium**

**Highlights** Dairy visit and tasting; cruise into Antwerp; visit "Onze Lieve Vrouwe (Our Lady) Cathedral" home to several of Rubens' paintings

Set off on bikes for a morning ride which includes stopping at a local dairy farm where ice cream and cheese tastings are a must! We'll get back to the boat before lunch to cruise into Antwerp, enjoying a unique view of the port and harbor as our barge makes its way to the city of diamonds. We'll enjoy a guided visit of Flemish painter Peter Paul Rubens' art in the city’s Cathedral. After which you can head off to visit the rest of the city, including the historic city center, the diamond district, or the Red Star Line Museum from where 2 million emigrants shipped off to North America between 1873 and 1934. Explore the city and enjoy dinner on your own this evening before returning to our boat for a restful night's sleep.

**Antwerp to Sint Amands**

**Highlights** Schelde riverbank bike path; Sint Amands; Bosteels Brewery

We’ll leave the city of Antwerp and return to the countryside cycling on small roads and along the Schelde river bike path. We’ve arranged a special visit of a 200 year-old brewery, family-run now by the 7th generation. We will continue pedaling along the tidal river until we reach the quaint town of Sint Amands.
Bicycle and Cruise into Ghent

**Highlights** Bicycle beside stately villas; Ghent's rich historic center

This morning we will continue to cycle along the river before branching north through historic marshes. These marshes are where sheep production thrived due to the nutritious grasses, subsequently, Ghent became one of the richest cities in the world during the Middle Ages because of its woolen industry. A bike path along the Schelde river brings us to our boat, which we’ll board for lunch as it cruises closer to the city center. While we are docked in a suburb, we’ll transfer into the historical center for a visit. This lively university city is still one of the prettiest cities in Belgium. Admire its traditional, tall Flemish buildings towering over the small streets and plazas. Enjoy dinner on your own in one of the many restaurants or cafés.

We’ll be moored in the city center, providing excellent access to Bruges's many treasures. Stroll along the canals that were once main arteries of the city and don’t miss a visit to the medieval square and City Hall. This city is characterized by its fantastic architecture. **Chalk Dust Arrows.** Remember, no matter what level of tour you choose ExperiencePlus! uses chalk dust arrows to mark our routes so riders can take the day at their own pace! BICYCLES
Your bike will be equipped with: a men's or women's saddle, a quick release style seat post adjustment, rear rack and expandable pack, pump, patch kit, spare tube, cable lock, cyclometer, rear lights, a water bottle cage (or two) and a water bottle (or two) and a bell. If you would like to bring your own pedals and shoes we recommend doing so—your tour leaders will install them during the bike fitting. We have flat pedals with or without cages available. For safety and hygiene reasons we recommend you bring your own helmet.

Daily Routine (Procedures and Logistics)

DAYSHEETS
Each day you'll receive a daysheet with information on the day's activities, meals and ride, which will be discussed during a briefing. The Daysheets also include Tour Leader phone numbers, hotel information and interesting historical and cultural information about sites that you may want to stop and see along the route. Your Tour Leaders will also post daily announcements in the hotel lobby with information about sightseeing in town or restaurant recommendations for dinners on your own as well as important information about breakfast, luggage down and "arrows down" time.

NAVIGATING ON TOUR
Daily we provide you with a highlighted route map. Of course, we also mark the route every day with our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map! The arrows also allow you to ride at your own pace. There is no need to "keep up" with the group—this is your ride!

But what if it rains? What happens to the arrows? In a light rain, the arrows actually "set up" and become more permanent. In a heavy rain, they do wash away. If that happens, we'll re-group to cycle together for those who want to continue cycling while those who prefer to stay dry can shuttle.

For the tech-loving riders out there we offer the opportunity to download GPS tracks of most tour routes to your personal GPS device using RideWithGPS.com.

VAN SUPPORT
Full van support including: luggage shuttle, water and snack resupply, mechanical assistance, and rides for tired cyclists!

HOTELS
We have carefully chosen all of our accommodations for their charm and location. They are typically small, family run hotels that offer you a glimpse into the local culture. We prefer hotels near interesting sites in the center of town located along the best cycling route in the area. Because many of the hotels are small not all of the rooms will be exactly the same. We keep this in mind and do our best to distribute rooms fairly by the end of the tour. Our itinerary lists our primary hotels. On rare occasions, listed hotels are subject to change.

MEALS AND RESTAURANTS
Breakfasts: we work hard to arrange complete breakfasts but some hotels still serve continental style breakfasts; cycling is energy intensive so we do recommend you plan for a morning or mid-morning snack on the road at a local café or market.

Water is OK in almost all hotels and in country fountains; if there is a problem, we will advise you.

We'll recommend lunch locations en route and most itineraries include a few group picnics. We limit the number of picnics so you don't feel pressured to be at a certain place in the middle of your ride.

Dinners together are often pre-planned and pre-ordered. We'll ask you if you have special dietary requirements. Pre-planned meals allow us to provide a variety of regional specialties and facilitate efficient service. Water, wine and beer are included.

TIPPING YOUR TOUR LEADER TEAM
If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this for the entire tour leader team, not each Tour Leader. If you’d like to show your gratitude for your Tour Leaders’ excellent service you can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your Tour Leaders did not quite meet your expectations, then we would like to know about it. You will also have the opportunity to leave your comments in our evaluation survey which we email to you after your trip.
