

Bicycle Tours in Belgium: Bike and Barge: Amsterdam to Bruges

OVERVIEW

The Netherlands and Belgium are a cycling paradise with bike paths, flat terrain and plenty to see and do along the way. On this bike and barge tour you will discover the southern region of Zeeland in the Netherlands and dip into the West Flanders region of Belgium. By day you'll bicycle through polders (reclaimed wetlands rich for agriculture or pastureland) and small villages, in the evening you'll sleep on a luxury barge. Cruise through canals and pedal along bike paths between the world famous cities of Amsterdam, Antwerp, Ghent, and Bruges. Visit iconic places like Gouda (pronounced Gowda) and taste its famous cheese. Pedal past the famous windmills of Kinderdijk and delve deep into local culture when we meet local cheese farmers and visit a working windmill.

Arrive Amsterdam

Highlights Amsterdam, bike fitting and test ride, welcome dinner

Welcome to the vibrant capital city of Holland, Amsterdam! We hope you arrived a few days early to visit some of the highlights of this colorful city — between its museums, canals, hip locales and lively night scene there is plenty to explore. Settle into our hotel where we'll have our safety meeting and bike fitting followed by our first spin on the bikes before a special dinner together.

Bicycling along the Hollandic Waterline

Highlights Forts of Muider slot and Weesp, town of Muiden, Bruekelen, dinner on board

Follow bike paths out of Amsterdam and head into the region of the Hollandic Waterline, a defense system born in the 17th Century where castles and military forts with integrated systems of flooding could be used to turn Holland into an island to keep out invaders. A century later the water froze creating a bridge for the French army to attack. This plan has left several imposing forts including Muider slot and Weesp which we'll cycle past today. Enjoy local farmland and beautiful canals flanked by charming villas. We'll pedal through Breukelen, the namesake of the New York City borough of Brooklyn. Later, we'll cruise toward our landing spot for the night and enjoy dinner on-board. 2022 Barges: the May 6th departure is on the Fluer, the July 22nd departure is on the Fiep.

This morning our barge will cruise for a few hours to reach the town of Schoonhoven, famous for its silversmiths and carillon makers. Bicycle through town and check out the town hall's clock-tower bells before heading to Gouda, famous for its orange cheese. Enjoy a visit to the town's cheese museum, and pick-up some picnic supplies (cheese anyone?) to enjoy at your next stop: the UNESCO World Heritage Site of Kinderdijk. Here 19 majestic windmills are aligned to form a stunning sight. After exploring we'll keep pedaling south to rejoin our boat in Dordrecht. Enjoy dinner on-board and perhaps a leisurely walk in town to enjoy the center.

Breakfast cruise and bicycle to Tholen

Highlights Willemstad, a do-it-yourself-moving-bridge; picnic lunch; Roosevelt heritage museum; Tholen; working windmill visit

Another breakfast cruise takes us to Willemstad, a strikingly star shaped fortified town on the shores where the Holland Diep river splits into multiple rivers as it rushes out to sea. Experience the do-it-yourself-moving-bridge before reaching the town of Oud Vossemeer, where the Roosevelt name was very present in the 17th and 18th centuries (and still is), leading many to theorize that the American Roosevelt family whose Dutch ancestor arrived in the US in 1650 was probably from this town. Next we'll pedal south to Tholen which was once an island in this giant estuary-like environment, but is now connected to the mainland. We'll enjoy a visit to a working windmill during our ride.

Pedal and cruise into Antwerp, Belgium

Highlights Cruise into Antwerp; visit "Onze Lieve Vrouwe (Our Lady) Cathedral" home to several of Rubens' paintings

Set off on bikes for a delightful morning ride! We'll get back to the boat before lunch to cruise into Antwerp, enjoying a unique view of the port and harbor as our barge makes its way to the city of diamonds. We'll enjoy a guided visit of Flemish painter Peter Paul Rubens' art in the city's Cathedral. After which you can head off to visit the rest of the city, including the historic city center, the diamond district, or the Red Star Line Museum from where 2 million emigrants shipped off to North America between 1873 and 1934. Explore the city and enjoy dinner on your own this evening before returning to our boat for a restful night's sleep.

Antwerp to Sint Amands

Highlights Schelde riverbank bike path; Sint Amands; Bosteels Brewery

We'll leave the city of Antwerp and return to the countryside cycling on small roads and along the Schelde river bike path. We've arranged a special visit of a 200 year-old brewery, family-run now by the 7th generation. We will continue pedaling along the tidal river until we reach the quaint town of Sint Amands.

Bicycle and Cruise into Ghent

Highlights Bicycle beside stately villas; Ghent's rich historic center

This morning we will continue to cycle along the river before branching north through historic marshes. These marshes are where sheep production thrived due to the nutritious grasses. Subsequently, Ghent became one of the richest cities in the world during the Middle Ages because of its woolen industry. A bike path along the Schelde river brings us to our boat, which we'll board for lunch as it cruises closer to the city center. While we are docked in a suburb, we'll transfer into the historical center for a visit. This lively university city is still one of the prettiest cities in Belgium. Admire its traditional, tall Flemish buildings towering over the small streets and plazas. Enjoy dinner on your own in one of the many restaurants or cafés.

Bicycle Ghent to Bruges

Highlights Breakfast cruise, Bruges, UNESCO World Heritage Site Medieval City Center

Start the day with a short breakfast cruise before setting off on your bicycle to ride into the crown jewel of Belgium, Bruges. We'll be moored in the city center, providing excellent access to Bruges's many treasures. Stroll along the canals that were once main arteries of the city and don't miss a visit to the medieval square and City Hall. This city is characterized by its fantastic architecture. Bruges is bustling with additional sites to see including the stepped gable houses, market square with the belfort, and historic neighborhoods such as the "Beguinage", a community of lay women from the 13th century to visit. We'll enjoy dinner together on board our boat tonight.

BICYCLES

For a full list of what's included with your bike see our bikes page (<https://www.experienceplus.com/what-to-expect/our-bikes/>) . If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. Please ask if you would like us to provide you with a gently used helmet and we will do so.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat, Spotlight and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. *Tips are included in Expedition pricing.

PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. If you do not want us to use any images of you on tour, you must inform your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
- **Terrain:** Mostly rolling terrain around 3%. Presents multiple 3% to 4% climbs. May present an occasional steeper climb.

LEVEL 3 - 3.5

Level 3 - 3.5 days are great for active individuals (who run, bike, swim etc. on a regular basis).

- **Average daily mileage:** 50-70km (30-45 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 600 - 900m (2000 - 2800 ft)
- **Terrain:** Multiple Climbs with grades of 4 - 6%.

LEVEL 4 - 4.5

Level 4 - 4.5 days are the best riding days for avid cyclists or very active individuals who are excited to challenge themselves on a bike.

- **Average daily mileage:** 70-90km (45-55 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 900-1000m (2800-3600 ft)
- **Terrain:** Presents multiple steep climbs (6% to 8% grades), 1 to 3km long. Alternatively, 4 – 6% grades for 6 kilometers or more.

LEVEL 5 (EXPEDITION)

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.

- **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 500-2000 m (1600- 6500 ft)
