

Bicycle Tours in Portugal: Bike Portugal's Northern Coast

OVERVIEW

Pedal along the rivers, coasts and valleys of Northern Portugal while learning about the characters and cities that in the 12th century founded the country we now know as Portugal. Explore the UNESCO World Heritage sites of Coimbra, Porto and Ponte de Lima and cruise along the Douro, Minho and Lima rivers by bike. Take the time to taste and savor the gastronomic specialties of the area. With 3 wine regions along our route and a blend of fresh seafood, hearty stews and modern day gourmet there is something for all tastes.

Our route crisscrosses the Portuguese Camino and crosses into Spain on the last few days to land in the historic port town of Baiona. Along the way we follow in the footsteps of royalty such as Queen Isabel of Portugal who in the 13th Century was on this same pilgrimage, we'll touch on both the coastal way and the traditional interior route to reach the enthralling towns of Barcelos, Ponte de Lima and Baiona, Spain. A generous dose of Southern Europe's hospitality and lifestyle makes this a unique bicycle tour in an undiscovered part of Europe.

If you want to extend this tour all the way to Santiago de Compostela, check out our 12 day bike tour on the [Bike Portugal's Northern Coast Plus the Camino](#).

Meet in Coimbra

Highlights Stay in a renovated 18th century palace, UNESCO World Heritage Town

Meet the group in Coimbra, Portugal - an easy train ride from Lisbon, and explore the streets that Afonso I, king of Portugal once walked. It is rumored that he was born in Coimbra and it is certain he was buried here in 1185. Arrive early to explore the historic center of this UNESCO World Heritage Site. Our hotel in Coimbra is located slightly out of town but its a perfect setting to begin a tour steeped in history and mythology. This historic country estate features beautiful grounds and was the site of a tragic 14th century love story between lady-in-waiting Inês de Castro and Prince Pedro. This is where we meet for our bike fitting and first dinner.

Before crossing the iconic metal bridge into Porto you'll pedal through its sister city on the south bank, Vila Nova de Gaia, featuring docks lined with famous Porto wineries. Locals will tell you it is the best place to admire Porto from a far! As you make your way across the famous Douro River the colorful city of Porto will come alive before your eyes. Welcome to the home of proud happy people with a quick smile.

Bicycle to Ponte de Lima

Highlights Explore historic Ponte de Lima

Today's ride is short so you can take full advantage of beautiful country roads that lead to the oldest village in Portugal, Ponte de Lima. Often considered the postcard village of Portugal, Ponte de Lima is situated on the banks of Rio Lima and is the heart of the green wine region. It is also home to a very old tradition dating back to Roman or even Phoenician times: Vaca Das Cordas, or "playing with wild cows". Vaca Das Cordas is a type of bull-running through town, followed the next day - generally in July, by the Festa do Corpo de Deus (Corpus Christi), when flowers carpet the streets. Stroll through the picturesque historic center and along an old bridge where you'll likely spot pilgrims walking along the Portuguese Camino de Santiago.

Onward travels

Highlights Travel home or to other parts of Spain

Shuttle from Baiona today to the nearby city of Vigo, where a landmark naval battle (Battle of Rande) took place outside Vigo in 1702. The battle between Anglo-Dutch and French-Spanish fleet was over the arrival of Spanish galleons laden with an immense treasure of gold, silver and jewels. Here the story differs, depending on which side you are on: either the Spanish galleons were attacked with treasure on board, or the treasure had already been unloaded... but no one knows where. Of course, this stoked the fire of many a treasure hunter including Jules Verne's Captain Nemo in 20,000 Leagues Under the Sea. From here, trains and buses head north to Santiago or south to Porto or Lisbon for you to continue your journey, happy travels! Or, take a hopper flight from the international airport.

- Planning tips on what to pack, hotel recommendations and other helpful details from our Travel Planning Pages: <https://www.experienceplus.com/travel-planning/>
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing EP!
- *Traveler services including assistance booking extra nights at the tour starting and ending hotels. (*Explorer and Self-guided tour styles excluded)

BICYCLES

For a full list of what's included with your bike see: <https://www.experienceplus.com/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer and Self-guided tours we include a GPS device on all bikes.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

On a guided tour, each day you'll receive a daily briefing with a highlighted route map. On a self-guided tour you'll receive a comprehensive orientation and bike fit on the first or second morning of your trip. About 14 days prior to your tour, we will provide you with access to

RideWithGPS Experiences, our platform to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information on the RWGPS Experience includes important phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks.

On a guided tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths. On a self-guided tour you will have luggage transfers that will transport your bags from one hotel to the other.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options or ask when you are planning your self-guided trip.

Need Fewer Miles? On a guided tour, the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. On a self-guided tour we recommend you review the tour level to make sure you can ride the full distance.

ON A GUIDED TOUR: TIPPING YOUR TOUR LEADERS

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5-8% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know.

*Tips are included in Expedition pricing and not expected on self-guided tours.

If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.
