

Bicycle Tours in Spain: Bicycling Catalonia's Costa Brava Plus! Barcelona

OVERVIEW

Home to some of Spain's most iconic cities and famous characters, Catalonia is a one of a kind destination. With a history as diverse as the territory and a cultural identity and language of its own, this Spanish community will delight and fascinate. Join us on a 12-day bicycle tour beginning in Girona, one of the most fought after towns in all of Spanish history. We'll pedal east towards the rugged Costa Brava and through the rolling hills of the Emporda' region - dotted with Roman ruins and medieval towns. Our journey continues through hidden fishing villages, quiet towns, and through wine country on our way to Figueras, Salvador Dali's birthplace. We'll cycle west towards the foothills of the Pyrenees through nature reserves and to ancient Roman spa towns before looping south. Our journey ends on a 10-mile bicycle path finishing in the heart of Barcelona.

If this sounds great but you don't have time for the full 12 days, check out our 8-day [Bicycling Catalonia's Costa Brava itinerary](#) which shortens this itinerary by 4 days.

Bicycle Tours in Spain: Bicycling Catalonia's Costa Brava Plus! Barcelona**Girona**

Highlights Girona, Jewish Museum and Historic Center

We meet in the medieval town of Girona today. We highly recommend coming a day or two early to explore this city and begin your exploration of the Catalan culture. We'll fit bicycles this afternoon and recommend a test ride along the river bike path before meeting for introductions and dinner together.

Bicycling Girona to Costa Brava

Today's ride features a gentle ascent to the highest point in the area. You'll be rewarded for your efforts with a classic view of the Costa Brava. The van will be there to offer a lift up (or down) for those who prefer. Our descent ends at the sea and from there we'll follow the sometimes hilly coastal road to our beach front hotel. Enjoy a dip in the Mediterranean, or some people watching this afternoon before dinner together.

Bicycling Costa Brava to Peratallada

Highlights Beaches, rural bicycling, castles and medieval towns

Today we'll ride along the coast to Palamos, a great coffee stop and perfect opportunity for one last dip in the sea before we head inland over rolling hills. Many of the towns we'll pass through on today's ride were once fortified Roman and medieval cities, so be sure to take time to meander the tiny streets. Peratallada, our destination this evening, is perhaps the best preserved as the center is entirely pedestrian and the walls still stand. You'll notice ruts in the stone streets which were created from centuries of horse carts moving through the narrow streets. We'll stay just outside of town and enjoy this little corner of Catalonia for the next few days.

Highlights Loop ride, optional climb

We'll take a loop ride through the gentle hills of the Baix Emporda region today. We have a special stop planned before la Bisbal d'Emporda just a few kilometers into the ride to visit a local ceramicist. La Bisbal d'Emporda is a great town to enjoy a beverage and explore the boutiques and artist stores - some of which carry traditional pieces while others have expanded into more modern ceramic art. After our visit we'll continue our loop ride which includes the option of an 8 km (5 miles) climb for anyone wanting a little challenge.

We'll head north and inland today through gentle hills and reclaimed marshes that are now the center for the agricultural economy in the area. We'll suggest a lunch stop in one of these small but historic towns. There is a significant climb to the hotel so anyone who prefers to rest their legs can meet at a café to regroup and shuttle. Everyone else can join local cyclists to conquer the hill that creates a natural barrier and makes this Eastern most peninsula in Spain such a unique natural and geological formation.

For those who prefer a day off the bike, Cadaques has been inspirational to many great artists, including Dali, Miro, Duchamp and Picasso. Find a spot and explore your inner artist, or simply enjoy a day relaxing by the pool.

BICYCLES

For a full list of what's included with your bike see our bikes page (<https://www.experienceplus.com/what-to-expect/our-bikes/>). If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. Please ask if you would like us to provide you with a gently used helmet and we will do so.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat, Spotlight and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. *Tips are included in Expedition pricing.

PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. If you do not want us to use any images of you on tour, you must inform your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
- **Terrain:** Mostly rolling terrain around 3%. Presents multiple 3% to 4% climbs. May present an occasional steeper climb.

LEVEL 3 - 3.5

Level 3 - 3.5 days are great for active individuals (who run, bike, swim etc. on a regular basis).

- **Average daily mileage:** 50-70km (30-45 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 600 - 900m (2000 - 2800 ft)
- **Terrain:** Multiple Climbs with grades of 4 - 6%.

LEVEL 4 - 4.5

Level 4 - 4.5 days are the best riding days for avid cyclists or very active individuals who are excited to challenge themselves on a bike.

- **Average daily mileage:** 70-90km (45-55 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 900-1000m (2800-3600 ft)
- **Terrain:** Presents multiple steep climbs (6% to 8% grades), 1 to 3km long. Alternatively, 4 – 6% grades for 6 kilometers or more.

LEVEL 5 (EXPEDITION)

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.

- **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 500-2000 m (1600- 6500 ft)
