

## Bicycle Tours in Chile: Bicycling Chile's Wine Country

### OVERVIEW

One of the most prestigious "new world" wine producing regions, Chile's central valley has produced award winning wines in recent years. Join us on our bicycle tour of the Chilean wine country where we pedal through vineyards of the Central Valley before turning south and bicycling along the stunning beaches of the scenic Pacific Coast. We stay in historic colonial cities such as Santa Cruz and Constitucion and visit secluded villages and beach resorts. This is an excellent trip for both wine and food lover and photographer!

- High quality bikes selected for the terrain you are cycling on and correct bike fitting to ensure comfortable cycling. More details on our bikes page: <https://www.experienceplus.com/what-to-expect/our-bikes/>
- Thoughtfully designed itineraries and routes that take advantage of stunning cycling destinations and the freedom of bicycle travel.

**PRE-TRIP SUPPORT**

- Bicycle training programs designed specifically for your tour and fitness level.
- Planning tips on what to pack, hotel recommendations and other helpful details from our Travel Planning Pages: <https://www.experienceplus.com/blog/travel-planning/>
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing ExperiencePlus!
- \*Traveler services including assistance booking extra nights at the tour starting and ending hotels. (\*Not included on Explorer Tours.)

**ON TOUR**

- See "What's Included" on your tour Itinerary for tour-specific inclusions.

**BICYCLES**

For a full list of what's included with your bike see our bikes page (<https://www.experienceplus.com/what-to-expect/our-bikes/>). If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. Please ask if you would like us to provide you with a gently used helmet and we will do so.

**NAVIGATING, DAYSHEETS AND VAN SUPPORT:**

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat, Spotlight and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

**Need More Miles?** On many days it is possible to add miles to the day, just talk to your tour leader about your options.

**Need Fewer Miles?** If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

**TIPPING YOUR TOUR LEADER TEAM:**

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. \*Tips are included in Expedition pricing.

**PHOTOS:**

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. If you do not want us to use any images of you on tour, you must inform your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

**LEVEL 1 - 1.5**

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

**LEVEL 2 - 2.5**

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)

**LEVEL 5 (EXPEDITION)**

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.
