Tuscania to San Quirico d'Orcia

DAY 4

Highlights Pedal the Val d'Orcia valley

Meals Breakfast

We pedal across the 'Tuscia' today, a remote part of Italy that formed the southern part of Etruria (the heartland of the native inhabitants of this region - the Etruscans). This is a horizontal landscape made up of layers of previously airborne volcanic ash. We pedal by and through several ancient, inactive volcanoes, specifically that of Lake Bolsena, today a popular summer destination for families seeking nice lake beaches. Our ride takes us along the ancient Roman road 'Cassia' as we wind our way into one of Italy's most picturesque valleys, the Val d'Orcia, a UNESCO World Heritage site so named for the interaction between humans and landscape. Our destination is San Quirico d'Orcia, perched on the northern edge of the valley and so affording a fantastic view over the dry rolling hills lined with classic Tuscan cypress trees. Our hotel has a stunning swimming pool with a great view over the valley. Distance: 108 km (67 miles). Meals: B Lodging: Casanova Hotel Residence

San Quirico d'Orcia to San Gimignano

DAY 5

Highlights San Gimignano and its medieval towers

Meals Breakfast

We'll pedal north toward Siena today, along the famous (or infamous!) Tuscan hills. Gear down and spin and you'll be up and down these hills in no time! We're skirting the big city of Siena to reach the smaller town of San Gimignano, picturesque for its historic towers that dot the horizon as we approach town. Our hotel is just 1km outside of town with a lovely swimming pool in which to relax after the day's ride. There is a pathway for those who want to walk into town which is definitely worth it. Distance: 102 km (63 miles). Meals: B Lodging: Albergo Le Colline

San Gimignano to Lucca

DAY 6

Highlights Walled city of Lucca, vineyards of Tuscany

Meals Breakfast, Dinner

We continue north along the vineyards of Tuscany and wheat fields full of poppies. Our destination is Lucca, a wonderful medieval town that still retains an intact 17th century wall. Distance: 93 km (57 miles). Meals: B, D Lodging: Hotel La Luna and Hotel La Dimora Lucense

Lucca to Aulla

DAY 8

Highlights Pedal the foothills of the Apennines

Aulla to Salsomaggiore

DAY 9

Highlights Cross into Italy's culinary heartland, Emilia Romagna

We have flirted with Italy's Apennine Mountains for four days now without crossing them. Well, today we head up and over to the north side of the Apennines. We leave 'Mediterranean Italy' and head into the Po Valley which enjoys a more subcontinental climate. Distance: 121 km (75 miles). Meals: B Lodging: Albergo Casa Romagnosi

INCLUDED

WHAT'S INCLUDED

When you book a tour with ExperiencePlus! our goal is to ensure your only focus each day is to hop on your bike and explore scenic cycling routes in new destinations. Inclusions may differ depending on which tour style you pick but all ExperiencePlus! tours include what we believe are the most important aspects of a bike tour.

- On all our guided tours, you can expect superb tour leaders who are fun and multilingual, bi-cultural experts, and cycling enthusiasts. They will support you and help you navigate confidently on and off the road.
- High quality bikes selected for the terrain you are cycling on and correct bike fitting to ensure comfortable cycling.
- Thoughtfully designed itineraries and routes that take advantage of stunning cycling destinations and the freedom of bicycle travel. Plus, all the logistics are taken care of.

PRE-TRIP SUPPORT

- Bicycle training programs designed specifically for your tour and fitness level.
- Planning tips on what to pack, hotel recommendations and other helpful details from our Travel Planning Pages: <https://www.experienceplus.com/travel-planning/>
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing EP!
- *Traveler services including assistance booking extra nights at the tour starting and ending hotels. (*Explorer and Self-guided tour styles excluded)
- See "What's Included" for tour-specific inclusions and be sure to check the "Keep in mind" section under "Tour Summary" online.

BICYCLES

For a full list of what's included with your bike see: <https://www.experienceplus.com/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer and Self-guided tours we include a GPS device on all bikes.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

On a guided tour, each day you'll receive a daily briefing with a highlighted route map. On a self-guided tour you'll receive a comprehensive orientation and bike fit on the first or second morning of your trip. About 14 days prior to your tour, we will provide you with access to

RideWithGPS Experiences, our platform to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information on the RWGPS Experience includes important phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks.

On a guided tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths. On a self-guided tour you will have luggage transfers that will transport your bags from one hotel to the other.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options or ask when you are planning your self-guided trip.

Need Fewer Miles? On a guided tour, the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. On a self-guided tour we recommend you review the tour level to make sure you can ride the full distance.

ON A GUIDED TOUR: TIPPING YOUR TOUR LEADERS

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5-8% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know.

*Tips are included in Expedition pricing and not expected on self-guided tours.

If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

LEVELS

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
- **Terrain:** Mostly rolling terrain around 3%. Presents multiple 3% to 4% climbs. May present an occasional steeper climb.

- **Average daily mileage:** 50-70km (30-45 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 600 - 900m (2000 - 2800 ft)

LEVEL 5 (EXPEDITION)

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.
