**INCLUDED**

**WHAT'S INCLUDED**

When you book a tour with ExperiencePlus! our goal is to ensure your only focus each day is to hop on your bike and explore scenic cycling routes in new destinations. Inclusions may differ depending on which tour style you pick but all ExperiencePlus! tours include the three most important aspects of a guided bike tour.

- Superb tour leaders who are fun and multilingual, bi-cultural experts, and cycling enthusiasts. They will support you and help you navigate confidently on and off the road.
- High quality bikes selected for the terrain you are cycling on and correct bike fitting to ensure comfortable cycling. More details on our [bikes page](#).
- Thoughtfully designed itineraries and routes that take advantage of stunning cycling destinations and the freedom of bicycle travel.

**PRE-TRIP SUPPORT**

- Bicycle training programs designed specifically for your tour and fitness level.
- Planning tips on what to pack, hotel recommendations and other helpful details from our [Travel Planning Pages](#).
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing ExperiencePlus!
- \*Traveler services including assistance booking extra nights at the tour starting and ending hotels. (\*Not included on Explorer Tours.)

**ON TOUR**

- See "What's Included" on your tour Itinerary for tour-specific inclusions.

**BICYCLES**

For a full list of what's included with your bike see [Our Bikes page](#). If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. Please ask if you would like us to provide you with a gently used helmet and we will do so.

**NAVIGATING, DAYSHEETS AND VAN SUPPORT:**

Each day you'll receive a daily briefing with a highlighted route map and daysheet (print or digital) that includes information on the day's activities, meals and ride. Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information.

You'll receive a highlighted route map each day or a briefing with the GPS tracks. On Classic, Bike and Boat, Spotlight and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks.

Before each tour we offer the opportunity to download GPS tracks of most tour routes to your personal GPS device or smartphone using RideWithGPS.com. We do not provide GPS tracks for tours in South America.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

**Need More Miles?** On many days it is possible to add miles to the day, just talk to your tour leader about your options.

**Need Fewer Miles?** If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

**TIPPING YOUR TOUR LEADER TEAM:**

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. \*Tips are included in Expedition pricing.

**PHOTOS:**

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. If you do not want us to use any images of you on tour, you must inform your tour leader in writing at the start of the tour.

We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

**LEVEL 1 - 1.5**

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.
