

## Bicycle Tours in Croatia: Bike and Boat: Cycling Croatia's Islands

### OVERVIEW

Croatia's Dalmatian Coast and its islands have been a favorite seaside destination among Europeans for over a century. Join us as we explore this spectacular limestone coastline by bicycle AND boat! Arrive early to explore Split, where you'll see Diocletian's 3rd century palace (still inhabited by descendants of the Romans who settled this area!). We'll board our luxury gulet (traditional Mediterranean wooden sailboat) in Split and head off on an aquatic adventure, sleeping on board the ship. On our tour, we pedal three of the Mediterranean's most picturesque and well-known islands - Brač, Hvar and Korčula – and also visit smaller, more out of the way islands like Vis and Solta. If you decide you want a break from the bike there will be ample opportunities to explore tiny fishing villages, swim in the sea or even stand up paddle boarding from our boat.

### HIGHLIGHTS

Sleeping aboard a luxury gullet, Ancient cities of Split, Korčula Island and Town, Hvar Town and Island, Dalmatian Islands, Secluded and Scenic Beaches, Swimming in the Adriatic, Paddle boarding off the boat

## Bicycle Tours in Croatia: Bike and Boat: Cycling Croatia's Islands

### Meet In Split

**Highlights** Medieval center of Split, easy test ride, Marjan peninsula, cruise to Brač island

Arrive in seaside Split early to enjoy the stunning beaches, medieval passageways and Diocletian's expansive palace (built at the turn of the 3rd century A.D.). We'll meet in the afternoon for a bike fitting and easy bike ride around the town's Marjan peninsula (the Central Park of Split) and finish at the dock to board our gullet, the Tajna Mora - our floating home for the next week. Enjoy the scenery as we cruise to the island of Brač where we will dock for the night.

### Bike ride on Brač island

**Highlights** Scenic views on the ride to Pucisca, visit the stone cutting school in Pucisca, enjoy the beach at Zlatni Rat

How much island riding would you like? Pedal by the sea from the dock to tiny Pucisca with time for a coffee before visiting the stone cutting school or artisan workshop in Pucisca, which is famous for its white stone (it most famously appears in the White House). Those wanting a small challenge can continue up and over the island to a height of 440 meters above sea level to enjoy a smooth descent into beautiful Bol (others can take a shuttle there). Take time to explore the coast near Bol, especially the famous long white beach at Zlatni Rat. Return to our boat for the night, enjoy the view of the island you've pedaled while lounging and enjoying dinner with a view.

### Hvar Island riding

**Highlights** Ride narrow Hvar island, ridge top cycling, evening in medieval Korčula

We'll pedal due east today, starting with a gentle climb over 12 km to then ride along the central ridge of Hvar island to its eastern most tip. If this first stretch of climbing seems a bit much, hop a shuttle and start cycling after the climb. Our highest point today is 350 meters above sea level before a long and gentle descent brings us back to the sea and the Sucuraj port where we will meet our boat and cruise to Korčula island. Allow ample time to soak in the old town of Korčula, the capital of the island that shares the same name. Founded as a Greek colony in the 4th century and controlled mostly by Venice from 1000 AD until 1797, Korčula retains the 14th century fortress style bestowed upon it by Venice.

If you crave more time on the bike, summit the island at 500 meters after the town of Pupnat and continue a scenic and quiet ride along Korčula Island to the small port town of Vela Luka to meet the boat. Depending on time and weather, we'll sleep near Vela Luka or continue to the next island, island of Vis.

Ride the east side for a shorter loop and plenty of time to jump in the sea (even from the boat!) or ride around the whole island for a more challenging ride. On the island we'll enjoy a special peka dinner in a local konoba— fish, meat or a vegetarian meal cooked under a unique iron bell. Pozdrav!

We're back to Hvar Island today, visiting the capital itself —Hvar Town. Settled by colonists from the Greek island of Paros in the 4th century BC, Hvar Island was dominated for centuries by the Venetians. Enjoy this trendy town! Those wanting a challenge can cycle up and over the narrow island through cultivated vineyards and abandoned lavender fields surrounded by stone walls and panoramic views of the coastline. Those opting for a more leisurely ride can cruise around the western side of the island on the boat and then take a loop ride on the north side of the island. Our destination is the town of Stari Grad, the oldest on the island and one of the oldest towns settled on all the Adriatic islands. Enjoy a walk and/or drink around the tiny

## WHAT TO EXPECT

### BICYCLES

Your bike will be equipped with: a men's or women's saddle, a quick release style seat post adjustment, rear rack and expandable pack, pump, patch kit, spare tube, cable lock, cyclometer, rear lights, a water bottle cage (or two) and a water bottle (or two) and a bell. If you would like to bring your own pedals and shoes we recommend doing so—your tour leaders will install them during the bike fitting. We have flat pedals with or without cages available. For safety and hygiene reasons we recommend you bring your own helmet.

### Daily Routine (Procedures and Logistics)

#### DAYSHEETS

Each day you'll receive a daysheet with information on the day's activities, meals and ride, which will be discussed during a briefing. The Daysheets also include Tour Leader phone numbers, hotel information and interesting historical and cultural information about sites that you may want to stop and see along the route. Your Tour Leaders will also post daily announcements in the hotel lobby with information about sightseeing in town or restaurant recommendations for dinners on your own as well as important information about breakfast, luggage down and "arrows down" time.

#### NAVIGATING ON TOUR

Daily we provide you with a highlighted route map. Of course, we also mark the route every day with our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map! The arrows also allow you to ride at your own pace. There is no need to "keep up" with the group—this is your ride!

But what if it rains? What happens to the arrows? In a light rain, the arrows actually "set up" and become more permanent. In a heavy rain, they do wash away. If that happens, we'll re-group to cycle together for those who want to continue cycling while those who prefer to stay dry can shuttle.

For the tech-loving riders out there we offer the opportunity to download GPS tracks of most tour routes to your personal GPS device using RideWithGPS.com.

#### VAN SUPPORT

Full van support including: luggage shuttle, water and snack resupply, mechanical assistance, and rides for tired cyclists!

### HOTELS

We have carefully chosen all of our accommodations for their charm and location. They are typically small, family run hotels that offer you a glimpse into the local culture. We prefer hotels near interesting sites in the center of town located along the best cycling route in the area. Because many of the hotels are small not all of the rooms will be exactly the same. We keep this in mind and do our best to distribute rooms fairly by the end of the tour. Our itinerary lists our primary hotels. On rare occasions, listed hotels are subject to change.

### MEALS AND RESTAURANTS

Breakfasts: we work hard to arrange complete breakfasts but some hotels still serve continental style breakfasts; cycling is energy intensive so we do recommend you plan for a morning or mid-morning snack on the road at a local café or market.

Water is OK in almost all hotels and in country fountains; if there is a problem, we will advise you.

We'll recommend lunch locations en route and most itineraries include a few group picnics. We limit the number of picnics so you don't feel pressured to be at a certain place in the middle of your ride.

Dinners together are often pre-planned and pre-ordered. We'll ask you if you have special dietary requirements. Pre-planned meals allow us to provide a variety of regional specialties and facilitate efficient service. Water, wine and beer are included.

### TIPPING YOUR TOUR LEADER TEAM

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this for the entire tour leader team, not each Tour Leader. If you'd like to show your gratitude for your Tour Leaders' excellent service you can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your Tour Leaders did not quite meet your expectations, then we would like to know about it. You will also have the opportunity to leave your comments in our evaluation survey which we email to you after your trip.

### PHOTOS

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. If you do not want us to use any images of you on tour, you must inform
