

Bicycle Tours in Croatia: Bike and Boat: Cycling Croatia's Islands

OVERVIEW

Croatia's Dalmatian Coast and its islands have been a favorite seaside destination among Europeans for over a century. Join us as we explore this spectacular limestone coastline by bicycle AND boat! Arrive early to explore Split, where you'll see Diocletian's 3rd century palace (still inhabited by descendants of the Romans who settled this area!). We'll board our luxury gulet (traditional Mediterranean wooden sailboat) in Split and head off on an aquatic adventure, sleeping on board the ship. On our tour, we pedal three of the Mediterranean's most picturesque and well-known islands – Brač, Hvar and Korčula – and also visit smaller, more out of the way islands like Vis and Solta. If you decide you want a break from the bike there will be ample opportunities to explore tiny fishing villages, swim in the sea or even stand up paddle boarding from our boat.

HIGHLIGHTS

Sleeping aboard a luxury gullet, Ancient cities of Split, Korčula Island and Town, Hvar Town and Island, Dalmatian Islands, Secluded and Scenic Beaches, Swimming in the Adriatic, Paddle boarding off the boat

Bicycle Tours in Croatia: Bike and Boat: Cycling Croatia's Islands

Meet In Split Mid Day

Highlights Medieval center of Split, easy test ride, Marjan peninsula, cruise to Brač island

Arrive in seaside Split early to enjoy the stunning beaches, medieval passageways and Diocletian's expansive palace (built at the turn of the 3rd century A.D.). Be sure to get an early lunch because your adventure begins at noon with a bike fitting and easy bike ride around the town's Marjan peninsula (the Central Park of Split) and finish at the dock to board our gullet, the Tajna Mora - our floating home for the next week. Enjoy the scenery as we cruise to the island of Brač where we will dock for the night.

Bike ride on Brač island

Highlights Scenic views on the ride to Pucisca, visit the stone cutting school in Pucisca, enjoy the beach at Zlatni Rat

How much island riding would you like? Pedal by the sea from the dock to tiny Pucisca with time for a coffee before visiting the stone cutting school or artisan workshop in Pucisca, which is famous for its white stone (it most famously appears in the White House). Those wanting a small challenge can continue up and over the island to a height of 440 meters above sea level to enjoy a smooth descent into beautiful Bol (others can take a shuttle there). Take time to explore the coast near Bol, especially the famous long white beach at Zlatni Rat. Return to our boat for the night, enjoy the view of the island you've pedaled while lounging and enjoying dinner with a view.

Hvar Island riding

Highlights Ride narrow Hvar island, ridge top cycling, evening in medieval Korčula

We'll pedal due east today, starting with a gentle climb over 12 km to then ride along the central ridge of Hvar island to its eastern most tip. If this first stretch of climbing seems a bit much, hop a shuttle and start cycling after the climb. Our highest point today is 350 meters above sea level before a long and gentle descent brings us back to the sea and the Sucuraj port where we will meet our boat and cruise to Korčula island. Allow ample time to soak in the old town of Korčula, the capital of the island that shares the same name. Founded as a Greek colony in the 4th century and controlled mostly by Venice from 1000 AD until 1797, Korčula retains the 14th century fortress style bestowed upon it by Venice.

If you want an easier day today, depart Korčula for a shorter route through pine, olive groves and sandy vineyards to the quaint seaside town of Lumbarda and then back to Korčula to continue north to another small town where you can jump back on the boat for a leisurely cruise to the town of Vela Luka. If you crave more time on the bike, summit the island at 500 meters after the town of Pupnat and continue a scenic and quiet ride along Korčula Island to the small port town of Vela Luka to meet the boat. Depending on time and weather, we'll sleep near Vela Luka or continue to the next island, island of Vis.

Settled by colonists from the Greek island of Paros in the 4th century BC, Hvar Island was dominated for centuries by the Venetians. Enjoy this trendy town! Those wanting a challenge can cycle up and over the narrow island through cultivated vineyards and abandoned lavender fields surrounded by stone walls and panoramic views of the coastline. Those opting for a more leisurely ride can cruise around the western side of the island on the boat and then take a loop ride on the north side of the island. Our destination is the town of Stari Grad, the oldest on the island and one of the oldest towns settled on all the Adriatic islands. Enjoy a walk and/or drink around the tiny

BICYCLES

For a full list of what's included with your bike see our bikes page (<https://www.experienceplus.com/what-to-expect/our-bikes/>). If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. Please ask if you would like us to provide you with a gently used helmet and we will do so.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat, Spotlight and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. *Tips are included in Expedition pricing.

PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. If you do not want us to use any images of you on tour, you must inform your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
- **Terrain:** Mostly rolling terrain around 3%. Presents multiple 3% to 4% climbs. May present an occasional steeper climb.

LEVEL 3 - 3.5

Level 3 - 3.5 days are great for active individuals (who run, bike, swim etc. on a regular basis).

- **Average daily mileage:** 50-70km (30-45 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 600 - 900m (2000 - 2800 ft)
- **Terrain:** Multiple Climbs with grades of 4 - 6%.

LEVEL 4 - 4.5

Level 4 - 4.5 days are the best riding days for avid cyclists or very active individuals who are excited to challenge themselves on a bike.

- **Gain:** 900-1000m (2800-3600 ft)
- **Terrain:** Presents multiple steep climbs (6% to 8% grades), 1 to 3km long. Alternatively, 4 – 6% grades for 6 kilometers or more.

LEVEL 5 (EXPEDITION)

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.

- **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 500-2000 m (1600- 6500 ft)
