Bicycle Tours in Austria: Bicycling the Danube Plus! Czech Republic and Prague

OVERVIEW

Pedal off the beaten track past gently rolling countryside, lakes, and through tiny towns as you bicycle from Passau, Germany through Austria and the Czech Republic ending in Prague. Every day is an opportunity to explore the colorful towns and impressive historical sites including a stop in the town of Melk to visit the Benedictine Melk Abbey, perched on a rocky outcrop overlooking the Danube river. You’ll get a flavor for the local food and landscape while pedaling past vineyards (and stopping to taste some fantastic wine!), through forbidden forests along the Austrian/Czech border, and into late Renaissance towns unchanged since the 17th century. Gently rolling cycling, bicycle-friendly paths and roads in Germany, Austria and the Czech Republic make this region enormously popular for cyclists of all stripes.

Keep in Mind | We work hard to maintain consistency across all of our tours, but some trips have unique differences. Here are some things to keep in mind about this tour. We use charming and modern hotels but A/C or fans may not always be available since they haven’t been needed traditionally. Separated twin beds are rare in many places; instead there will be two mattresses together that sit on the same base.

Please Note: We may have small itinerary changes to this trip after you download this PDF document. Arrival Info

Meeting time 2 p.m. - on Day 1, meet your fellow cyclists and Tour Leaders at the Day 1 Hotel specified on the itinerary.

Note:

As you are planning, remember that the hotels listed in our itineraries are our primary hotels and are - in rare cases - subject to change. Before you make arrangements, check with us if your tour departure is guaranteed. If your tour departure is out further than 6 months, please also check with us as there might be slight changes to the itinerary.

The below information will help you plan your arrival. For more tips or other routes, you might like Rome2Rio. The fare and timing information listed below is approximate.

We recommend flying into the Munich Airport (MUC). You can also fly into the Frankfurt Airport (FRA).

If you arrive at Munich and continue to Passau

1. *Public bus No. 635 from Munich Airport to Freising Bahnhof (20 min/Eur 2.90), or taxi (15 min/EUR 16)
2. *Train from Freising to Passau Hbf (2 hours/fares vary), no pre-booking necessary.
3. Taxi (see point 2 under Frankfurt arrival below)

*Note: For the above train trip, we suggest purchasing a regional day ticket valid on the bus and regional trains. You can purchase it at one of the vending machines or at the desk from a person, both run cooperatively by the German Railway and the MVV (Munich transit company). This ticket is also a great option for your train trip from Munich to Passau if you plan to stop over in Munich.

If you arrive at Frankfurt and continue to Passau

1. **Train from Frankfurt am Main Flughafen to Passau Hbf (4.5 hours/fares vary)
2. Taxi from Passau central station to the Day 1 Hotel (5 min/EUR 6)

**Note: Depart from the AIRail Terminal, next to Terminal 1. Frankfurt Airport is a very busy transportation hub and it is advisable to purchase train tickets with a seat reservation in advance. If you buy a flexible ticket in advance and miss your intended train, it still means that you will have to purchase a new seat reservation separately upon arrival. Purchasing your ticket and seat reservations upon arrival does offer the most flexibility. However, if trains are full, you will have to wait.

Look up German train schedules at Bahn.de or Trainline.eu. Questions? See our information on taking trains in Europe here or ask us.

Departure Info

Your trip ends on the final day after a guided tour of Prague, around 12 noon back at the hotel.

The below information will help you plan your arrival. For more tips or other routes, you might like Rome2Rio. The fare and timing information listed below is approximate.

- **Terrain**: Expect and be prepared for any and everything.

REMEMBER

It is almost always possible to adapt the day's ride to how you are feeling either by taking advantage of the support van, or asking tour leaders for additional mileage.

Need More Miles? On just about every day of every tour it is possible to add miles to the day. Just talk to your tour leader about the options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

Chalk Dust Arrows. Remember, no matter what level of tour you choose ExperiencePlus! uses chalk dust arrows to mark our routes so riders can take the day at their own pace! Whether you prefer to stop at every gelateria, take a hundred photos a day, or push to achieve a new personal best you'll be happy on our tours.
WHAT TO EXPECT

BICYCLES

Your bike will be equipped with: a men's or women's saddle, a quick release style seat post adjustment, rear rack and expandable pack, pump, patch kit, spare tube, cable lock, cyclometer, rear lights, a water bottle cage (or two) and a water bottle (or two) and a bell. If you would like to bring your own pedals and shoes we recommend doing so—your tour leaders will install them during the bike fitting. We have flat pedals with or without cages available. For safety and hygiene reasons we recommend you bring your own helmet.

Daily Routine (Procedures and Logistics)

DAYSHEETS

Each day you’ll receive a daysheet with information on the day's activities, meals and ride, which will be discussed during a briefing. The Daysheets also include Tour Leader phone numbers, hotel information and interesting historical and cultural information about sites that you may want to stop and see along the route. Your Tour Leaders will also post daily announcements in the hotel lobby with information about sightseeing in town or restaurant recommendations for dinners on your own as well as important information about breakfast, luggage down and "arrows down" time.

NAVIGATING ON TOUR

Daily we provide you with a highlighted route map. Of course, we also mark the route every day with our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map! The arrows also allow you to ride at your own pace. There is no need to "keep up" with the group—this is your ride!

But what if it rains? What happens to the arrows? In a light rain, the arrows actually "set up" and become more permanent. In a heavy rain, they do wash away. If that happens, we’ll re-group to cycle together for those who want to continue cycling while those who prefer to stay dry can shuttle.

For the tech-loving riders out there we offer the opportunity to download GPS tracks of most tour routes to your personal GPS device using RideWithGPS.com. Tracks available upon request three to four weeks prior to the departure.

VAN SUPPORT

Full van support including: luggage shuttle, water and snack resupply, mechanical assistance, and rides for tired cyclists!

HOTELS

We have carefully chosen all of our accommodations for their charm and location. They are typically small, family run hotels that offer you a glimpse into the local culture.

We prefer hotels near interesting sites in the center of town located along the best cycling route in the area. Because many of the hotels are small not all of the rooms will be exactly the same. We keep this in mind and do our best to distribute rooms fairly by the end of the tour. Our itinerary lists our primary hotels. On rare occasions, listed hotels are subject to change.

MEALS AND RESTAURANTS

Breakfasts: we work hard to arrange complete breakfasts but some hotels still serve continental style breakfasts; cycling is energy intensive so we do recommend you plan for a morning or mid-morning snack on the road at a local café or market.

Water is OK in almost all hotels and in country fountains; if there is a problem, we will advise you.

We’ll recommend lunch locations en route and most itineraries include a few group picnics. We limit the number of picnics so you don't feel pressured to be at a certain place in the middle of your ride.

Dinners together are often pre-planned and pre-ordered. We’ll ask you if you have special dietary requirements. Pre-planned meals allow us to provide a variety of regional specialties and facilitate efficient service. Water, wine and beer are included.

TIPPING YOUR TOUR LEADER TEAM

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this for the entire tour leader team, not each Tour Leader. If you'd like to show your gratitude for your Tour Leaders’ excellent service you can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your Tour Leaders did not quite meet your expectations, then we would like to know about it. You will also have the opportunity to leave your comments in our evaluation survey which we email to you after your trip.
