Inclusions may differ depending on which tour style you pick but all ExperiencePlus! tours include what we believe are the most important aspects of a bike tour.

- On all our guided tours, you can expect superb tour leaders who are fun and multilingual, bi-cultural experts, and cycling enthusiasts. They will support you and help you navigate confidently on and off the road.
- High quality bikes selected for the terrain you are cycling on and correct bike fitting to ensure comfortable cycling.
- Thoughtfully designed itineraries and routes that take advantage of stunning cycling destinations and the freedom of bicycle travel. Plus, all the logistics are taken care of.

PRE-TRIP SUPPORT

- Bicycle training programs designed specifically for your tour and fitness level.
- Planning tips on what to pack, hotel recommendations and other helpful details from our Travel Planning Pages: https://www.experienceplus.com/travel-planning/
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing EP!
- *Traveler services including assistance booking extra nights at the tour starting and ending hotels. (*Explorer and Self-guided tour styles excluded)
- See "What's Included" for tour-specific inclusions and be sure to check the "Keep in mind" section under "Tour Summary" online.

BICYCLES

For a full list of what's included with your bike see: https://www.experienceplus.com/what-to-expect/our-bikes/. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer and Self-guided tours we include a GPS device on all bikes.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

On a guided tour, each day you'll receive a daily briefing with a highlighted route map. On a self-guided tour you'll receive a comprehensive orientation and bike fit on the first or second morning of your trip. About 14 days prior to your tour, we will provide you with access to

RideWithGPS Experiences, our platform to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information on the RWGPS Experience includes important phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks.

On a guided tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths. On a self-guided tour you will have luggage transfers that will transport your bags from one hotel to the other.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options or ask when you are planning your self-guided trip.

Need Fewer Miles? On a guided tour, the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. On a self-guided tour we recommend you review the tour level to make sure you can ride the full distance.

ON A GUIDED TOUR: TIPPING YOUR TOUR LEADERS

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5-8% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. *Tips are included in Expedition pricing and not expected on self-guided tours.

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or that are taken by our guides or other travelers, in any medium, including but not limited to print, electronic media, or Internet, free of charge and without your right to inspection. If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km.
