

Bicycle Tours in Croatia: Bicycling the Islands of Dalmatia Plus! the South Coast

OVERVIEW

Croatia's Dalmatian Coast has been a favorite seaside destination among central Europeans for over a century. Join us as we explore this spectacular limestone coastline by bicycle! We begin near Split where you'll see Diocletian's 3rd century palace still inhabited by descendants of the Romans who settled this area and where we'll visit the waterfalls of Krka National Park. On our ride we pedal three of the Mediterranean's most picturesque islands - Brač, Hvar and Korčula - spending time in the picturesque rural areas, ports, and fishing villages. We'll explore the Medieval and Renaissance cities that were so important to the Greeks, Romans, Venetians, Austrians, Hungarians, and Croats. We'll also pedal to the remote interior of coastal Croatia before shuttling you to the beautiful walled city of Dubrovnik, long considered the jewel of the Adriatic.

If this sounds great but you'd like a shorter tour, check out our [Bicycling the Islands of the Dalmatian Coast](#) tour, which features the first 8 days of this tour.

Bicycle Tours in Croatia: **Bicycling the Islands of Dalmatia Plus! the South Coast**

Tour begins in Skradin, shuttle from the airport or pick up in Split **DAY 1**

Highlights Krka National Park, Skradinski Buk waterfalls, Dalmatian Karst topography

Arrive today in Skradin, a charming town on the edge of Krka National Park, home to the beautiful Skradinski Buk waterfalls. We'll offer a shuttle from the Split airport (close to the town of Trogir) or from the center of Split. We'll fit bicycles this afternoon and suggest a test ride into the interior. You can also enjoy a 4 km walk, or boat ride along the river into the national park to visit the seventeen falls where the Krka and Čikola Rivers flow out of the Dalmatian Karst (limestone). The rivers return to their journey underground, a typical "karst topography" phenomenon, below the falls. We'll have a special seafood dinner this evening.

Lodging  Hotel Skradinski Buk

Bike from Krka to Primošten

Highlights Secluded villages of Dalmatia, beach resort hotel, Primošten

We head off through a remote area of Dalmatia to reach our hotel on the beach near Primošten. As you pedal, the landscape will change; olive groves, small family-owned vineyards, and rural villages give way to coastal landscapes and the island-town of Primošten where our hotel lies on the beach. We'll enjoy an informal grappa tasting and enjoy a traditional Croatian "peka" dinner tonight in a nearby ancient village.

We ride across beautiful barren land before dropping down to the UNESCO World Heritage town of Trogir where we spend the night. Trogir was a Greek colony in the 4th century BC and later a Roman municipality. Occupied by the Croats after the 7th century, it became a key Medieval port city in the Adriatic. The present town sits on a Roman and Hellenistic street grid inside the 15th century Venetian wall.

We bicycle along the coast today to Split, an ancient Roman city and site of Diocletian's famous palace. Occupying the space of nine football fields, the palace was built at the turn of the 3rd century A.D. and is still inhabited. Actually, the "palace" is really like a small, walled city within a city. We'll take a guide tour of the palace and enjoy an introductory walk of Split. You'll have time to explore further and have lunch before we catch the ferry to the island of Brač this afternoon. From there we pedal to our hotel in the small fishing port of Postira.

Perhaps you'll choose a lazy day at the nearby beach; or you might like to fill your whole day with a ride to some of the more remote villages on the island. Whatever your wish.

Ferry to the island of Hvar and ride to Hvar Town

Highlights Jelsa, Stari Grad and Hvar Town

Today we have an early morning transfer by boat that takes us directly to Jelsa on the island of Hvar. Settled by colonists from the Greek island of Paros in the 4th century BC, Hvar Island was dominated for centuries by the Venetians. Visit the coastal villages of Vrboska and Stari Grad before riding to Hvar town through cultivated vineyards surrounded by stone walls and panoramic views of the coastline. Meander through the Medieval alleys of the old town or join the locals in one of the elegant cafés to watch the world go by. We have dinner together this evening and say goodbye to those taking off from here! Additional mileage available.

Hvar

Highlights Guided walk of Hvar Town, picnic lunch at Hvar fortress

This morning we'll have a guided walk of Hvar Town and a picnic together at the old fortress. We'll enjoy a guided walk of Hvar to learn about the 13th century Venetian fortifications built to protect one of the most important Adriatic ports of the Venetian Republic. After our picnic lunch at the fortress (also called the Spanish Fort), you'll have some time to enjoy the pjaca (piazza), the largest in all of Dalmatia.

Hvar speedboat to Vela Luka, Korčula

Highlights Korčula, birthplace of Marco Polo, island scenery and views

Today we continue our island-hopping adventure and ferry to our fourth island – Korčula, an ancient Greek colony dating back to the 4th century BC. The island is famous for its white wines - Posip, Rukatac, Grk, beautiful old towns, villages and dark pine forests that cover the island whose quality wood was used for shipbuilding. We will be biking along sleepy stone villages, family vineyards, gardens and discover Korčula's hidden coves. The rest of the day is planned for exploring the medieval town of Korčula and to get into the sleepy, laid back lifestyle!

Loop ride on Korčula - Marco Polo's home

Highlights Korčula

Today you will have an option to do a loop ride on the island or just relax and do some sightseeing in the town of Korčula – a Venetian fortified town, irresistible to today's visitor, just as it was to medieval travel writers like Marco Polo, who began his life's journey in this town. Today's experience ranges from riding along coastal roads leading to secluded beaches to biking through the vineyards surrounding small, picturesque towns. Did we mention an optional swim break at the beach on the eastern part of the island?

Take time to discover this peninsula – home to some of Croatia's best-known red wines Dingac and Postup, made from Plavac Mali wines, close cousin to Californian Zinfandel. Peljesac offers great views of Mljet and back to Korcula. Today's ride takes you into the hills, along the coast and through huge vineyards (by Croatian standards!). We will visit Ston – a salt producing village, built in the 14th century and famous for the longest (5,5 km) fortified walls in Europe. Ston was a very powerful and prosperous city during the 14th century Dubrovnik Republic.

BICYCLES

For a full list of what's included with your bike see our bikes page (<https://www.experienceplus.com/what-to-expect/our-bikes/>) . If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. Please ask if you would like us to provide you with a gently used helmet and we will do so.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat, Spotlight and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. *Tips are included in Expedition pricing.

PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. If you do not want us to use any images of you on tour, you must inform your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
- **Terrain:** Mostly rolling terrain around 3%. Presents multiple 3% to 4% climbs. May present an occasional steeper climb.

LEVEL 3 - 3.5

Level 3 - 3.5 days are great for active individuals (who run, bike, swim etc. on a regular basis).

- **Average daily mileage:** 50-70km (30-45 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 600 - 900m (2000 - 2800 ft)
- **Terrain:** Multiple Climbs with grades of 4 - 6%.

- **Gain:** 900-1000m (2800-3600 ft)
- **Terrain:** Presents multiple steep climbs (6% to 8% grades), 1 to 3km long. Alternatively, 4 – 6% grades for 6 kilometers or more.

LEVEL 5 (EXPEDITION)

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.

- **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 500-2000 m (1600- 6500 ft)
