<td>Keep in Mind</td>
<td>We work hard to maintain consistency across all of our tours, but some trips have unique differences. Here are some things to keep in mind about this tour. Well-maintained bike paths in Germany, Austria and Slovakia, but Hungarian bike paths are rare and secondary roads are often bumpy. We use charming and modern hotels but A/C or fans may not always be available. Long stretches on bike paths limits van support on a few days.</td>

Bicycle Tours in Germany: Bicycling the Danube: Germany to Budapest

Arrive in Medieval Regensburg

**Highlights** Northernmost point of Danube River; Medieval center; welcome dinner together

Meet us today in Regensburg, easily reached by train from the nearby airports of Frankfurt and Munich. Our starting point was a Roman outpost under Marcus Aurelius in 179 AD and marks both the northernmost point of the Roman Empire in Germany and the northernmost extent of the Danube. Its Medieval center is wonderfully preserved. We’ll enjoy a welcome dinner together tonight. Test ride along the Danube for as long as you’d like.

Regensburg to Niederwinkling

**Highlights** Walhalla Temple, and the Bavarian Countryside

Our first ride today takes us through more Roman settlements and into the Bavarian countryside lifestyle. Take a challenge and climb up to Walhalla Temple. It is not far and you are rewarded with the view back up the river to Regensburg and to the southeast where our ride will take us. Stop for snack at one of the small bakeries or butchers shops. Our destination today is one of these picturesque rural towns.

Niederwinkling to Passau

**Highlights** Benedictine Monasteries at Metten, Passau and the Inn River

You’ll see two Benedictine monasteries today, including one in Metten. Bibliophiles will want to stop for a tour of the library in the Abbey of St. Michael of Metten which features 160,000 volumes including one of the earliest bibles printed in Germany and a 1493 "Nuremberg Chronicle," one of the earliest world history books printed in German and Latin. You'll pass another Benedictine Monastery as you leave Deggendorf on your way to Passau, the gateway to Austria. In Passau the Danube nearly doubles in size, as it is joined by the Inn River. Take time this afternoon to visit Passau's Saint Stephan's Cathedral which houses the largest organ outside of the United States.

WHAT TO EXPECT

BICYCLES
Your bike will be equipped with: a men's or women's saddle, a quick release style seat post adjustment, rear rack and expandable pack, pump, patch kit, spare tube, cable lock, cyclometer, rear lights, a water bottle cage (or two) and a water bottle (or two) and a bell. If you would like to bring your own pedals and shoes we recommend doing so—your tour leaders will install them during the bike fitting. We have flat pedals with or without cages available. For safety and hygiene reasons we recommend you bring your own helmet.

Daily Routine (Procedures and Logistics)

DAYSHEETS
Each day you’ll receive a daysheet with information on the day's activities, meals and ride, which will be discussed during a briefing. The Daysheets also include Tour Leader phone numbers, hotel information and interesting historical and cultural information about sites that you may want to stop and see along the route. Your Tour Leaders will also post daily announcements in the hotel lobby with information about sightseeing in town or restaurant recommendations for dinners on your own as well as important information about breakfast, luggage down and "arrows down" time.

NAVIGATING ON TOUR
Daily we provide you with a highlighted route map. Of course, we also mark the route every day with our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map! The arrows also allow you to ride at your own pace. There is no need to “keep up” with the group—this is your ride!

But what if it rains? What happens to the arrows? In a light rain, the arrows actually "set up" and become more permanent. In a heavy rain, they do wash away. If that happens, we'll re-group to cycle together for those who want to continue cycling while those who prefer to stay dry can shuttle.

For the tech-loving riders out there we offer the opportunity to download GPS tracks of most tour routes to your personal GPS device using RideWithGPS.com. Tracks available upon request three to four weeks prior to the departure.

VAN SUPPORT
Full van support including; luggage shuttle, water and snack resupply, mechanical assistance, and rides for tired cyclists!

HOTELS
We have carefully chosen all of our accommodations for their charm and location. They are typically small, family run hotels that offer you a glimpse into the local culture. We prefer hotels near interesting sites in the center of town located along the best cycling route in the area. Because many of the hotels are small not all of the rooms will be exactly the same. We keep this in mind and do our best to distribute rooms fairly by the end of the tour. Our itinerary lists our primary hotels. On rare occasions, listed hotels are subject to change.

MEALS AND RESTAURANTS
Breakfasts: we work hard to arrange complete breakfasts but some hotels still serve continental style breakfasts; cycling is energy intensive so we do recommend you plan for a morning or mid-morning snack on the road at a local café or market.

Water is OK in almost all hotels and in country fountains; if there is a problem, we will advise you.

We’ll recommend lunch locations en route and most itineraries include a few group picnics. We limit the number of picnics so you don't feel pressured to be at a certain place in the middle of your ride.

Dinners together are often pre-planned and pre-ordered. We'll ask you if you have special dietary requirements. Pre-planned meals allow us to provide a variety of regional specialties and facilitate efficient service. Water, wine and beer are included.

TIPPING YOUR TOUR LEADER TEAM
If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this for the entire tour leader team, not each Tour Leader. If you’d like to show your gratitude for your Tour Leaders’ excellent service you can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your Tour Leaders did not quite meet your expectations, then we would like to know about it. You will also have the opportunity to leave your comments in our evaluation survey which we email to you after your trip.
