Meet in Bolzano (Bozen) shuttle to Glorenza

Highlights Medieval Glorenza, visit of Castel Coira, bike fitting, welcome dinner

Meet at 10 a.m. in Bolzano (Bozen in German) for our transfer to Glorenza where the cycling portion of our journey will begin. We highly recommend arriving a few days early in Bolzano to visit the archaeological museum and see its most famous resident, Otzi, a man from the Copper Age who was perfectly preserved in ice until his discovery in the early 90's. In a few days we'll pedal under the peaks where he was found, so take time to visit him and learn more about the area. This afternoon, we'll visit one of the best preserved castles in the entire region, fit our bikes and enjoy a welcome dinner in a local restaurant.

DAY 1: Sat, Jul 9th

 Hotel Gruner Baum (4*)

Resia Lake loop

Highlights Lake and glacier views, bell tower in the lake, Burgusio castle, guided walk of Glorenza

This morning we'll shuttle to the picturesque Alpine Lake Resia. We'll bicycle around the gorgeous lake that hides the village of Curon beneath its waters. The only remnant of the village is its bell tower which rises from the midst of the lake. It's an exciting descent from here and you'll have a chance to visit the Burgusio Castle before returning to Glorenza for a guided walk and a visit to its historic mill before a light dinner together. Anybody with free time or an interest in whisky can visit Italy's only distillery located just outside Glorenza's city walls!

Ride Glorenza to Lasa and the chic town of Merano

Highlights Bike paths along the Adige river, Lasa marble, the gardens of Traumannsdorf Castle, home of Forst beer

We'll enjoy a quiet ride through apple orchards on the bike path to the small town of Lasa. Despite its small size, Lasa's marble craftsmanship can be found worldwide. Interestingly enough Lasa's first large order was 86,000 crosses and Star of David in the 1950's for U.S. military cemeteries around the world. After our visit of this impressive artisan industry, pedal along a pleasant bike path to Merano where you can explore its trendy streets and cafes, take one of the two well-signed walks around town, or enjoy Italy's most famous gardens at Trautmannsdorf Castle. Rivaling Cortina d'Ampezzo as a destination for jet-setting European visitors to the Italian Alps, Merano has long been a mountain resort for heads of the Austrian Empire, European princes

We'll leave the Venosta Valley today and head back to the large town of Bolzano - or Bozen in German. Pedal through vineyards and apple orchards as the valley widens and then narrows as you approach the city under the shadow of the Firmiano Castle. The castle is now a museum founded by one of the world's most famous mountaineers from this region, Reinhold Messner. Enter the city along tranquil bike paths and enjoy our centrally located hotel. This evening, a special gondola ride above town brings us to a local farm where we'll enjoy views on the Dolomite mountains and hearty homemade dishes.

This morning we'll leave Bolzano by train and head to Trento, capital of the Italy's autonomous region of Trentino Alto Adige/ Südtirol. This compact colorful city center was the seat of the Council of Trent in the 16th century, where the Catholic Church held one of its most important councils for over 20 years to determine how to handle the Protestant Reformation. Enjoy a special visit of the city and castle before we take a short train ride to our next valley and the small town of Borgo Valsugana, a quaint village nestled between the striking cliffs of the Alps' foothills. You'll have time this afternoon to enjoy the hotel's spa.

The route follows "Via Claudia Augusta," an ancient Roman road which ran 550 km and crossed the Alps to link the Po valley (which is just south of us) and Germany (to the north of us). You'll slowly emerge from the narrow valley to reach the town of Bassano, with its iconic wooden bridge across the river. Bassano is a key producer of grappa and there are several distilleries in town.

BICYCLES

For a full list of what's included with your bike see our bikes page (<https://www.experienceplus.com/what-to-expect/our-bikes/>) . If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. Please ask if you would like us to provide you with a gently used helmet and we will do so.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat, Spotlight and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. *Tips are included in Expedition pricing.

PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. If you do not want us to use any images of you on tour, you must inform your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
- **Terrain:** Mostly rolling terrain around 3%. Presents multiple 3% to 4% climbs. May present an occasional steeper climb.

LEVEL 3 - 3.5

Level 3 - 3.5 days are great for active individuals (who run, bike, swim etc. on a regular basis).

- **Average daily mileage:** 50-70km (30-45 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 600 - 900m (2000 - 2800 ft)
- **Terrain:** Multiple Climbs with grades of 4 - 6%.

LEVEL 4 - 4.5

Level 4 - 4.5 days are the best riding days for avid cyclists or very active individuals who are excited to challenge themselves on a bike.

- **Average daily mileage:** 70-90km (45-55 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 900-1000m (2800-3600 ft)
- **Terrain:** Presents multiple steep climbs (6% to 8% grades), 1 to 3km long. Alternatively, 4 – 6% grades for 6 kilometers or more.

LEVEL 5 (EXPEDITION)

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.

- **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 500-2000 m (1600- 6500 ft)
- **Terrain:** Expect and be prepared for any and everything.
