Get ready for another day of bicycling amidst ancient castles and local traditions! Today's ride will loop to the breath-taking castle of Torrechiara. Dominating the Val Parma, the castle was constructed between 1448 and 1460, devised as an instrument of defense as well as a distinguished home for the count and his lover. ### Rest day in Bologna

#### Highlights The World Heritage Porticoes of Bologna, cooking class

Rest day in Bologna, Emilia Romagna's administrative capital, and, arguably, its culinary capital as well. Home to the oldest continually operating university in the world, Bologna has a long tradition of studies, arts, and gastronomy. Speaking of gastronomy, Bologna gave birth to the mortadella, vulgarly distorted abroad as "bologna," although the fresh, artisanal mortadella has nothing to do with processed meat! Make sure you put this culinary delight on your 'must try' list! Join us for a cooking class as we learn a few secrets from local artisans. A stroll through the historic center and its porticoes completes a perfect afternoon. If you're still hungry, stroll over to Eataly, the worlds biggest "agri food park" and a tribute to farming and food diversity in Italy.

### DAY 8: Sun, Jun 2nd

**Level** 

**Meals** Breakfast, Lunch

**Lodging**  **Hotel Dei Commercianti**

### Shuttle to Brisighella and bicycle to Corte San Ruffillo

#### Highlights Romagna, country villa dinner

We'll leave the bustling city of Bologna today to head to the 'heart of Romagna', a quieter and "smaller" part of Emilia Romagna. With fewer large cities compared to Emilia, this region within a region, is known for its hospitality and exceptional food. We'll shuttle from Bologna to Brisighella and visit an olive oil cooperative to learn more about shared production and selling efforts between local growers. After our visit we'll get on the bikes to pedal past orchards and fortress towns nestled in the Apennine foothills ending at a beautifully restored parish house – your home for two nights. Lovingly renovated by architect Sara and her husband, this elegant resort and farm is a tribute to food, agriculture and architectural traditions.

#### Rest day in the quiet hills

**Highlights** Lunch and walk in the Romagna hills, visit to winery and learning about farm

We'll take a day off the bikes to get to know the area with a walk, picnic lunch and visit to our hosts' farm and winery. This region traditionally has been farmed by families with small/medium plots of land who pool their resources into local cooperatives to share farming equipment. As younger generations inherit the land, fewer and fewer are interested in working their family land. Thankfully there are still some, like our hosts, who are returning to the land and are using modern and innovative farming and marketing techniques to create a niche market for their products.

#### DAY 10: Tue, Jun 4th

**Meals** Breakfast, Lunch, Dinner

**Lodging**  **Corte San Ruffillo**

#### Bike to Casa Artusi

**Highlights** Casa Artusi, cooking institute, piadina demo, gala seafood dinner

Coast down hill on our way to the world famous institute for traditional "home" cooking. The "Casa Artusi" honors Pellegrino Artusi, the first writer and chef to compile recipes from all over Italy into one cookbook titled "The Science of Cooking and the Art of Eating Well" in 1891. Hailed as the first person to document and therefore establish a national Italian cuisine, Artusi claimed all recipes were scientifically tried and true by his housemaid/collaborator Marietta. Today women who act as teachers (alongside chefs) in the institute are referred to as "Marietta." We learn to make piadina from a "Marietta" before continuing to the beach town of Cesenatico where a seafood gala dinner awaits at ExperiencePlus! founder's and owner's family restaurant. A wonderful celebration to end our culinary bike tour. There is the option for an extra ride of 35 km (22 miles) to the beach.

#### DAY 11: Wed, Jun 5th

**Distance** 39 km (24 mi)

**Gain** 271 m (889 ft)

**Terrain** Hilly

**Level** 

**Meals** Breakfast, Lunch, Dinner

**Lodging**  **Grand Hotel da Vinci**

#### Tour ends in Cesenatico

**Highlights** Beach time!

Enjoy a sumptuous breakfast before heading off to further adventures, or spend a few days at this beautiful, historic hotel to pamper yourself in the spa or on the beach. Whatever you do, buon viaggio and buon appetito.

#### DAY 12: Thu, Jun 6th

**Meals** Breakfast

- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing EP!
- \*Traveler services including assistance booking extra nights at the tour starting and ending hotels. (\*Explorer and Self-guided tour styles excluded)
- See "What's Included" for tour-specific inclusions and be sure to check the "Keep in mind" section under "Tour Summary" online.

### BICYCLES

For a full list of what's included with your bike see: <https://www.experienceplus.com/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer and Self-guided tours we include a GPS device on all bikes.

### NAVIGATING, DAYSHEETS AND VAN SUPPORT:

On a guided tour, each day you'll receive a daily briefing with a highlighted route map. On a self-guided tour you'll receive a comprehensive orientation and bike fit on the first or second morning of your trip. About 14 days prior to your tour, we will provide you with access to

RideWithGPS Experiences, our platform to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information on the RWGPS Experience includes important phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks.

On a guided tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths. On a self-guided tour you will have luggage transfers that will transport your bags from one hotel to the other.

**Need More Miles?** On many days it is possible to add miles to the day, just talk to your tour leader about your options or ask when you are planning your self-guided trip.

**Need Fewer Miles?** On a guided tour, the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. On a self-guided tour we recommend you review the tour level to make sure you can ride the full distance.

### ON A GUIDED TOUR: TIPPING YOUR TOUR LEADERS

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5-8% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know.

\*Tips are included in Expedition pricing and not expected on self-guided tours.

### PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or that are taken by our guides or other travelers, in any medium, including but not limited to print, electronic media, or Internet, free of charge and without your right to inspection. If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

## LEVELS

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

### LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

### LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
- **Terrain:** Mostly rolling terrain around 3%. Presents multiple 3% to 4% climbs. May present an occasional steeper climb.

- **Average daily mileage:** 50-70km (30-45 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 600 - 900m (2000 - 2800 ft)
