

Bicycle Tours in Croatia: Explorer: Croatia Blue & Green

OVERVIEW

Cycle on a mixture of paved and gravel surfaces to cross three borders as you travel through Istria, the largest peninsula in the Adriatic Sea. Begin in Trieste Italy, once the most important port of the Austro-Hungarian Empire until it became a part of Italy after WWI. Then cycle along Slovenia's stunning Adriatic coastline and explore well-preserved medieval cities along the way. Get a surprising taste of a verdant landscape reminiscent of Tuscany as you cycle the rolling hills of Istria's interior. Return to the coast and the crystal blue water of the Adriatic Sea but instead of Slovenia you are now in Croatia! Your cycling journey ends with a transfer to Pula, the largest city in Istria and a former Roman outpost featuring cobblestone streets and an incredible Roman Amphitheater.

Buon Giorno Italia – Trieste

Highlights Test ride and welcome dinner

Welcome to Trieste! The capital of the Friuli Venezia Giulia region has rich Austro-Hungarian and Slovenian influences, and was an important location in the struggle between the Eastern and Western blocs after WWII. This port-town, sits on the coast of the enchanting Adriatic Sea and is a tiny slice of Italy almost entirely surrounded by Slovenia. We will meet in the afternoon for a bike fitting and test ride before enjoying dinner together in this beautiful and multi-cultural city.

We'll follow a cycling path along a stunning section of the coast as we make our way through the charming seaside towns of Koper, Izola, Piran and Sečovlje Saltpans Natural Park, the largest wetland on the coast and famous for its salt production. We'll then cross into our third country of the day, Croatia. Tonight we sleep in a small agriturismo (farm stay) located near the Slovenian-Croatian border. Road Surface: Mostly paved.

Highlights The Adriatic coast, the Parenzana trail

Today's loop ride takes us to the Croatian coast, with views overlooking Slovenia and Italy to the west before heading inland to the Istrian Peninsula. We will follow part of the Parenzana trail, once a narrow gauge railway which connected Trieste with Porec. In its short operating period (1902-1935) the railway contributed greatly to the economic progress of Istria, transporting local products including wine, olive oil, salt, stone, lime, coal, wood, and passengers. This area is famous for its culinary specialties; in coastal areas you'll find a plethora of traditional seafood specialties and as you move inland the focus turns to wine and olive oil. Make sure Teran wine and extra virgin olive oil are on your list of things to try. Road Surface: 24% gravel, 76% paved.

First you'll cycle to the medieval village of Momjan - famous for its Muscat. The next stop is Groznanj, a small renaissance town also known as the "City of Artists", where almost every house entrance has a small gallery or art studio. We finish the day in Motovun, a medieval hilltop town and the region's truffle capital. Today's ride is a perfect sampling of the cultural richness of Istria's interior. BICYCLES

For a full list of what's included with your bike see: <https://www.experienceplus.com/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. If you would like us to provide you with a gently used helmet, please contact us.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform to distribute information on each tour day's activities, meals and ride, as well as GPS-routes. Daily information also includes Tour Leader phone numbers,

hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options.

Need Fewer Miles? If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

TIPPING YOUR TOUR LEADER TEAM:

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. *Tips are included in Expedition pricing.

PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! If you do not want us to use any images of you that are taken by us or other participants during the tour, you must inform us or your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
