

## Bicycle Tours in Italy: Pedaling Lake Garda and the Veneto - Guided

### OVERVIEW

Pedal with us across the Veneto - through picturesque villages and historic art cities, along cycle paths and down rural country lanes - to discover this corner of Northern Italy nestled against the Italian Alps. We'll visit the majestic and beautiful Lake Garda, as well as Verona, Mantova, Vicenza, Padova and Venice - all unique cities that blend history, charm and modernity. In Vicenza, discover the architectural wonders of Andrea Palladio from the 16th century, considered to be the most influential individual in the history of Western architecture. This is also wine country, home to some of the more important Italian wines, where you can sample Valpolicella and Soave wines from the protected vineyards along the Alps' foothills, as we make our way east toward La Serenissima - the majestic city of Venice.

<b>Tour Level</b>	
<b>Keep in Mind</b>	<p>We work hard to maintain consistency across all of our tours, but some trips have unique differences. Here are some things to keep in mind about this tour.</p> <p>Great tour for novice cyclists with basic fitness and experience to manage the daily distance and terrain type. Bike handling skills are necessary to manage possible starting and stopping and negotiating bike paths when cycling in or near cities and towns. Also ideal for experienced cyclists who desire shorter days on the bike and plenty of time to enjoy daily destinations and activities. You will ride between 40 and 64 km (25-40 miles) per day, on mostly flat to rolling terrain, and few steep hills. The terrain consists primarily of paved backroads and bike paths with little vehicle traffic, although there are stretches where we share the roads with cars. Some of the bike paths may have stretches of hard-packed dirt or gravel, perfectly suitable for our bikes (although we recommend only experienced cyclists choose road bikes which have thinner tires). Advanced cyclists who want longer, optional rides at the end of the programmed ride will have these available most days (please ask ahead).</p>

### Meet in Verona

**Highlights** Test ride and welcome dinner

Meet the group and tour leader at the Verona train station in the mid-afternoon, from where we will transfer to our lodging for the next two nights. Our quaint inn is located in the small town of Valeggio Sul Mincio, near Mantova (Mantua). We'll fit bicycles and enjoy a test ride on the nearby cycle path to Borghetto sul Mincio, a picturesque village located on the river connecting Lake Garda with the lakes around Mantova to the south. Mantova was home to the princely Gonzaga family, who ruled for several centuries between the 1400-1800's and who made Mantova an artistic, musical and architectural centre. Visit the Palazzo Ducale and Palazzo Te, as well as the Piazza Virgiliana, Castello San Giorgio and Piazza delle Erbe before returning to our small town later this afternoon.

This area grows the grapes that make Amarone wine, one of Italy's strongest red wines, which we will enjoy in a wine tasting hosted by the owners of tonight's lodging, set on a lovely terrace overlooking the vineyards. A historic home turned into a boutique lodge, Villa San Giorgio is surrounded by vineyards, with a truly amazing view of the hills and Lake Garda in the distance. Have lunch in the center of town, visit Juliet and Romeo's balcony and then continue out of town to arrive in Soave, another small wine village. The medieval castle and its fortifications that dominate the town stand in stark contrast to the softer vineyards that line the hills. ### Venice

**Highlights** Discovering Venice by foot

We'll take the train into Venice for the day, where we will explore less well-known areas of the "Serenissima", as the majestic city is often called. From the train station, visit the Jewish Ghetto, the Cannaregio neighborhood and the Fondamente Nove before arriving near the Rialto bridge. From here, you'll have free time to visit the highlights of Venice. Regroup later this afternoon to return to Padova together for our celebration dinner in a local restaurant. Raise a glass of white wine, the traditional Venetian aperitif, or a classic spritz to our journey together across the Veneto region. - High quality bikes selected for the terrain you are cycling on and correct bike fitting to ensure comfortable cycling. More details on our bikes page: <https://www.experienceplus.com/what-to-expect/our-bikes/>
- Thoughtfully designed itineraries and routes that take advantage of stunning cycling destinations and the freedom of bicycle travel.

**PRE-TRIP SUPPORT**

- Bicycle training programs designed specifically for your tour and fitness level.
- Planning tips on what to pack, hotel recommendations and other helpful details from our Travel Planning Pages: <https://www.experienceplus.com/blog/travel-planning/>
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing ExperiencePlus!
- \*Traveler services including assistance booking extra nights at the tour starting and ending hotels. (\*Not included on Explorer Tours.)

**ON TOUR**

- See "What's Included" on your tour Itinerary for tour-specific inclusions.

**BICYCLES**

For a full list of what's included with your bike see our bikes page (<https://www.experienceplus.com/what-to-expect/our-bikes/>) . If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. Please ask if you would like us to provide you with a gently used helmet and we will do so.

**NAVIGATING, DAYSHEETS AND VAN SUPPORT:**

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat, Spotlight and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

**Need More Miles?** On many days it is possible to add miles to the day, just talk to your tour leader about your options.

**Need Fewer Miles?** If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

**TIPPING YOUR TOUR LEADER TEAM:**

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. \*Tips are included in Expedition pricing.

**PHOTOS:**

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. If you do not want us to use any images of you on tour, you must inform your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

**LEVEL 1 - 1.5**

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

**LEVEL 2 - 2.5**

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.

**LEVEL 5 (EXPEDITION)**

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.
