

Bicycle Tours in Portugal: Cycling the Portuguese Camino: Porto to Santiago de Compostela

OVERVIEW

Pedal along Northern Portugal's rivers, coasts and valleys while learning about the historical figures and cities that played foundational roles in 12th Century Portugal. Explore the UNESCO World Heritage sites of Porto and Ponte de Lima and cycling along the Douro, Minho, and Lima rivers. Not only will you pass through three famous wine regions along our route, you will also get a taste of the gastronomic specialties.

Our route crisscrosses the famous Portuguese Camino and finishes in Spain's Santiago de Compostela. Along the way we follow in the footsteps of royalty such as Queen Isabel of Portugal who, in the 13th Century, was on this same pilgrimage. We'll travel both the coastal and the traditional interior route to reach the enthralling towns of Barcelos, Ponte de Lima and Baiona, Spain. A generous dose of Southern Europe's hospitality and lifestyle makes this a unique bicycle tour in an undiscovered part of Europe.

If this sounds good but you prefer a longer tour, join us for the 12-day [Cycling the Portuguese Camino: Coimbra to Santiago de Compostela](#).

HIGHLIGHTS

But, before we get there, we must say goodbye to bustling Porto. We ride out on a bike path that eases us into the peaceful wine country. Expect fun hills and green lush vistas along the way along with plenty of other cyclists with whom to share an "OLÁ."

Today's ride is short so you can take full advantage of beautiful country roads that lead to the oldest village in Portugal, Ponte de Lima. Often considered the postcard village of Portugal, Ponte de Lima is situated on the banks of Rio Lima and is the heart of the green wine region. It is also home to a very old tradition dating back to Roman or even Phoenician times: Vaca Das Cordas, or "playing with wild cows". Vaca Das Cordas is a type of bull-running through town, followed the next day - generally in July, by the Festa do Corpo de Deus (Corpus Christi), when flowers carpet the streets. Stroll through the picturesque historic center and along an old bridge where you'll likely spot pilgrims walking along the Portuguese Camino de Santiago.

Highlights Explore Ria de Vigo, Jules Verne's 20,000 Leagues Under the Sea

Today's ride starts out flanking one of the geographical features that characterizes the Galician coast - a Ría, or a drowned river valley that is open to the sea. Though a Ría is the opposite of a lagoon, they look the same. The ride skirts the city of Vigo and you'll jump on a ferry to cross the Ría de Vigo. In 1702 a landmark naval battle (Battle of Rande) took place outside Vigo, the largest Galician city. The battle between Anglo-Dutch and French-Spanish fleet was over the arrival of Spanish galleons laden with an immense treasure of gold, silver and jewels. Though the story of what happened next varies a treasure hunt for the gold ensued and included Jules Verne's Captain Nemo in 20,000 Leagues Under the Sea. We'll continue to pedal north to reach Pontevedra, our home for the night. It's worth your time to explore the medieval heart with its old granite houses and spacious squares.

First brought from South America 400 years ago by monks and then grown in the gardens of a convent in the tiny village of Hébron, Padrón peppers became a quick favorite on local dinner tables - and are now famous throughout Spain. The monks traded the peppers for necessary items and 400 years later, they are still in demand. The peppers are no longer grown by monks but by generations of locals who have adopted both traditional methods and modern technology to offer their product to Spanish and UK markets. Watch out, these peppers are as addictive as popcorn but can catch you by surprise if you find a spicy

- High quality bikes selected for the terrain you are cycling on and correct bike fitting to ensure comfortable cycling.
- Thoughtfully designed itineraries and routes that take advantage of stunning cycling destinations and the freedom of bicycle travel. Plus, all the logistics are taken care of.

PRE-TRIP SUPPORT

- Bicycle training programs designed specifically for your tour and fitness level.
- Planning tips on what to pack, hotel recommendations and other helpful details from our Travel Planning Pages: <https://www.experienceplus.com/travel-planning/>
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing EP!
- *Traveler services including assistance booking extra nights at the tour starting and ending hotels. (*Explorer and Self-guided tour styles excluded)
- See "What's Included" for tour-specific inclusions and be sure to check the "Keep in mind" section under "Tour Summary" online.

BICYCLES

For a full list of what's included with your bike see: <https://www.experienceplus.com/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer and Self-guided tours we include a GPS device on all bikes.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

On a guided tour, each day you'll receive a daily briefing with a highlighted route map. On a self-guided tour you'll receive a comprehensive orientation and bike fit on the first or second morning of your trip. About 14 days prior to your tour, we will provide you with access to

RideWithGPS Experiences, our platform to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information on the RWGPS Experience includes important phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks.

On a guided tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths. On a self-guided tour you will have luggage transfers that will transport your bags from one hotel to the other.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options or ask when you are planning your self-guided trip.

Need Fewer Miles? On a guided tour, the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. On a self-guided tour we recommend you review the tour level to make sure you can ride the full distance.

ON A GUIDED TOUR: TIPPING YOUR TOUR LEADERS

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5-8% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know.

*Tips are included in Expedition pricing and not expected on self-guided tours.

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or that are taken by our guides or other travelers, in any medium, including but not limited to print, electronic media, or Internet, free of charge and without your right to inspection. If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

LEVELS

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.
