

Bicycle Tours in France: **Bicycling Provence to the Pyrenees**

OVERVIEW

The South of France or Languedoc region as it is known has always been a border region - between Spain and France, the Atlantic and the Mediterranean, and, in ancient times, between Rome and northern Gaul. Today it is classic Mediterranean France with vast expanses of vineyards, vestiges of Roman history in Nimes and Narbonne, and a mix of languages that include classic French, traditional Occitan and Catalan. Join us to bicycle and explore this little traveled region on roads not much wider than bike paths.

If this sounds great but you'd like a longer tour, check out our [Bicycling Provence to the Pyrenees Plus!](#) tour, which extends this itinerary by 3 days.

HIGHLIGHTS

Canal du Midi, Nimes, Bamboo Forest Reserve, Carcassonne, Great bicycle rides, Languedoc wines, St. Guilhem le Desert

Bicycle Tours in France: **Bicycling Provence to the Pyrenees**

Arrive in Nîmes

Highlights Roman buildings including the amphitheater or "Arena" and the Maison Carrée, a Roman temple in the Center of Nîmes

Our tour begins today in Nîmes, one of several cities founded along or near the Rhone River by the Romans in the first and second centuries B.C. Take time to visit the best-preserved Roman amphitheater in France, the "Arena" which is still used for Provençal style bull fights and the Maison Carrée, a perfectly preserved Roman temple dating to 16 BC. We'll fit bicycles this afternoon and suggest a warm up ride of 5-15 km (3-9 miles) for those who wish. We have a welcome dinner together this evening.

DAY 1: Sat, May 16th

Meals Dinner

Lodging  Novotel Atria Nimes Centre

Bicycle from Nîmes to Anduze

Highlights Mediterranean villages, lavender, sage, rosemary, Costières de Nîmes wines

We ride west into Languedoc through small wine villages of the Costières de Nîmes today. Aromatic drought-resistant scrub bushes and plants, including lavender, sage and rosemary, dot the landscape. Our hotel is in the foothills of the Costières de Nîmes a few kilometers outside of Anduze. If you are interested in plants, take time to visit the Bamboo Forest that you'll pass by just before our hotel. Started in 1856, the gardens hosts a fascinating collection of exotic, tropical plants including 150 species of bamboo, Sequoia and banana trees.

Meals Breakfast, Dinner

Lodging  L'Auberge les 3 Barbus

Loop ride in the Cévennes

Highlights Tiny mountain roads, Alègues

We pedal in the foothills of the Cévennes Mountains where you'll have spectacular views and a gentle pace as we explore medieval villages that seem frozen in time. It was in the high Cévennes that Robert Louis Stevenson walked with his donkey, Modestine, and wrote his classic Travels with a Donkey. Plan to enjoy lunch in Alés, an important town in the Protestant fight for religious freedom, and home to Alphonse Daudet, and Louis Pasteur.

Ride from Anduze to St-Guilhem-le-Désert

Highlights One of our favorite bicycle rides anywhere, Market day in St Jean du Gard

People who have ridden today's route tell us it is one of the prettiest rides on any of our tours. Enjoy traffic-free roads not much wider than a bike path, and get picnic supplies at one of the most charming local outdoor markets we know. We leave the Cévennes mountains behind as we glide downhill through the gorge of the Herault River to St-Guilhem-le-Désert ("desert" because it is the only village for as far as the eye can see).

DAY 4: Tue, May 19th

Bicycle St-Guilhem-le-Désert to Sète

Highlights St-Guilhem-le-Désert, oyster beds, the Mediterranean Sea

It's an easy ride to the Mediterranean coast today, so take some time to explore more of St. Guilhem's medieval atmosphere. Here, in 904 AD William of Gellone established a monastery. The village still retains an ancient Medieval atmosphere. Part of the cloister from the monastery was moved to Manhattan in the 1930s and is now "The Cloisters" portion of the Metropolitan Museum of Art. Stop in St. Guilhem for coffee and a stroll before heading on to the Mediterranean Sea. Our approach to the delightful seaside town of Sète will be via ferry and you'll visit the famous oyster and mussel beds of the Etang de Thau.

Lodging  Grand Hotel de Sete

Bicycle from Sète to Narbonne

Highlights Roman Narbonne, Narbonne's 13th century cathedral, Canal du Midi

We're on the road again today among vineyards and farmland as we head to the ancient Roman city of Narbonne. Narbonne was built along the Via Domitia, the Roman road that connected Italy with Spain during the second century B.C. when Rome expanded beyond the Alps. We'll bypass the busy city of Beziers and ride along the famous Canal du Midi. The canal connects Atlantic France with the Rhone River and Mediterranean France. Narbonne was and continues to be a major transportation corridor on the great coastal plain of Languedoc.

Bicycle from Narbonne to Carcassonne

Highlights Small country roads, Corbières vineyards, Canal du Midi, Carcassonne

Our leisurely ride today takes us across the flat plains of Languedoc to the perfectly preserved late Medieval town of Carcassonne. This corridor between the Atlantic and the Mediterranean, bounded on the south by the Pyrenees Mountains, has been an important transportation route since pre-Roman times. Completed in the 13th century, the famous walls of Carcassonne were restored in the late 19th century. Before dinner, we'll explore Carcassonne's narrow ancient alleyways with a local guide.

INCLUDED

WHAT'S INCLUDED

When you book a tour with ExperiencePlus! our goal is to ensure your only focus each day is to hop on your bike and explore scenic cycling routes in new destinations. Inclusions may differ depending on which tour style you pick but all ExperiencePlus! tours include what we believe are the most important aspects of a bike tour.

- On all our guided tours, you can expect superb tour leaders who are fun and multilingual, bi-cultural experts, and cycling enthusiasts. They will support you and help you navigate confidently on and off the road.
- High quality bikes selected for the terrain you are cycling on and correct bike fitting to ensure comfortable cycling.
- Thoughtfully designed itineraries and routes that take advantage of stunning cycling destinations and the freedom of bicycle travel. Plus, all the logistics are taken care of.

PRE-TRIP SUPPORT

- Bicycle training programs designed specifically for your tour and fitness level.
- Planning tips on what to pack, hotel recommendations and other helpful details from our Travel Planning Pages: <https://www.experienceplus.com/travel-planning/>
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing EP!
- *Traveler services including assistance booking extra nights at the tour starting and ending hotels. (*Explorer and Self-guided tour styles excluded)
- See "What's Included" for tour-specific inclusions and be sure to check the "Keep in mind" section under "Tour Summary" online.

BICYCLES

For a full list of what's included with your bike see: <https://www.experienceplus.com/what-to-expect/our-bikes/>. If you would like to bring your own pedals and shoes we recommend doing so. On Explorer and Self-guided tours we include a GPS device on all bikes.

NAVIGATING, DAYSHEETS AND VAN SUPPORT:

On a guided tour, each day you'll receive a daily briefing with a highlighted route map. On a self-guided tour you'll receive a comprehensive orientation and bike fit on the first or second morning of your trip. About 14 days prior to your tour, we will provide you with access to

RideWithGPS Experiences, our platform to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information on the RWGPS Experience includes important phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks.

On a guided tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths. On a self-guided tour you will have luggage transfers that will transport your bags from one hotel to the other.

Need More Miles? On many days it is possible to add miles to the day, just talk to your tour leader about your options or ask when you are planning your self-guided trip.

Need Fewer Miles? On a guided tour, the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. On a self-guided tour we recommend you review the tour level to make sure you can ride the full distance.

ON A GUIDED TOUR: TIPPING YOUR TOUR LEADERS

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5-8% of the tour cost per traveler — this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know.

*Tips are included in Expedition pricing and not expected on self-guided tours.

PHOTOS:

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or that are taken by our guides or other travelers, in any medium, including but not limited to print, electronic media, or Internet, free of charge and without your right to inspection. If you do not want us to use any images of you, you must inform us or your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

LEVEL 1 - 1.5

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

LEVEL 2 - 2.5

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)
- **Terrain:** Mostly rolling terrain around 3%. Presents multiple 3% to 4% climbs. May present an occasional steeper climb.

LEVEL 3 - 3.5

Level 3 - 3.5 days are great for active individuals (who run, bike, swim etc. on a regular basis).

- **Average daily mileage:** 50-70km (30-45 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 600 - 900m (2000 - 2800 ft)
- **Terrain:** Multiple Climbs with grades of 4 - 6%.

LEVEL 4 - 4.5

Level 4 - 4.5 days are the best riding days for avid cyclists or very active individuals who are excited to challenge themselves on a bike.

- **Gain:** 900-1000m (2800-3600 ft)

LEVEL 5 (EXPEDITION)

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.

- **Average daily mileage:** 120 km (75 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 500-2000 m (1600- 6500 ft)
