

## Bicycle Tours in Italy: Spotlight: Southern Tuscany

### OVERVIEW

This bicycle experience merges refined lodging and cycling through unique parts of Southern Tuscany. This is a focused exploration of two locations in the Maremma region of Tuscany, squeezed between the Tyrrhenian Sea and the volcanic lake region north of Rome. For three nights you'll enjoy a countryside resort which is a springboard for great days of cycling to the sea, where fishing villages and beaches bring the coast to life. Retreat to the resort's olive grove and spend the afternoon lounging near the pool, or enjoy optional activities such as art classes, cooking classes, in-depth culinary activities, or get back in the saddle and go mountain biking or horse back riding! Your next resort is in the beautiful, small village of Sovana, where you'll enjoy a unique and magnificent landscape as you pedal to small Tufa towns, built with and into the soft tufa (volcanic stone) prevalent in this area. Here too, enjoy the immense hotel grounds with its natural swimming pool and sweeping views of the surrounding landscape. This is a relaxing bicycle holiday that provides great cycling, exceptional lodging and time on your own to simply relax or do a myriad of other activities.

### Meet at Rome's Fiumicino airport to shuttle to Maremma

**Highlights** Maremma, Lunch in the countryside, Tarot Garden

We will start the day with a shuttle from Rome's Fiumicino airport to our country resort in the Tuscany region of Maremma. We will enjoy lunch together before our bike fitting and first loop ride. On the test ride we recommend you visit the Tarot Garden, an esoteric sculpture garden based on Tarot cards, designed by the French-American artist Niki de Saint Phalle. This garden is home to one of the most amazing outdoor sculpture gardens in the world. Opened in 1998, it is something between an Antonio Gaudí or Salvatore Dali exhibit and a Cristo installation. Once back at the hotel, you can lounge by the pool or ride a few extra miles to explore the small hilltop village of Capalbio. Enjoy getting lost in the intricate alley ways of this picture perfect village or visit the tiny castle with its magnificent view of the surrounding landscape. Though you won't be lost for long, you will gain an understanding for the defensive strategy of building villages that are reminiscent of a maze.

### Coastal loop ride

**Highlights** Monte Argentario, Spanish Forts, Porto Ercole, Tuscan coast

We cycle towards the coast today, riding parallel to it as we reach Monte Argentario, a small mountain emerging from the sea and connected to the mainland by two sand bars which form a lagoon. Here you'll find Orbetello - a once thriving fishing village, in the middle of the lagoon. Porto Ercole and Porto Santo Stefano are the two main villages of Monte Argentario and were once important open water ports, the huge defensive fortresses you see today were built by the Spanish. Cycle up to the main fort for a majestic view over Porto Ercole and the coast, take the opportunity to enjoy a snack or beverage as you overlook the bay. Return by shuttle or bicycle back to the hotel (an additional 46 km and 521 meters of climbing). Be sure to consider that there are a wide variety of optional afternoon activities including winery or olive oil visits or just relaxing by the pool.

### Ride to Talamone

**Highlights** Visit to herbal liqueur maker

We'll pedal north toward Magliano this morning before turning towards the Tyrrhenian coast to reach the small village of Talamone. Perched high on a rocky promontory overlooking a picturesque gulf, this tiny village gets its name from Greek legends. Once upon a time this was an important Etruscan port, today it is a sleepy fishing village with an imposing fortress overseeing the village and its beaches. Enjoy some time here before shuttling or cycling back to the hotel (47 km and 390 meters of climbing). You have a few options for dinner tonight - opt for the hotel restaurant or one of the selected restaurants in town.

### Capalbio to Sovana

**Highlights** Tufa town of Sovana, Pecorino cheese, Etruscan tomb optional visit

Today's ride is rewarding and a little more challenging as you make your way to Sovana. This beautifully situated Etruscan town is literally carved into the local tufa (volcanic stone). Along the way, take the opportunity to stop and visit a local dairy and discover the secrets of Tuscan Pecorino cheese from the cheese maker himself. This afternoon, take part in an optional guided visit of the monumental Etruscan Hildebrand tomb, one of the most famous and well-preserved tombs of the area where you'll wander through canyon-like alleyways sculpted from stone! Settle into the hotel for the evening or head to the center of town to sit and enjoy a drink, surrounded by remarkable tufa stone buildings.

### Loop ride to Sorano and Pitigliano

**Highlights** Pitigliano and Orsini Family Palaces, Etruscan archaeological sites, Sorano

Today's loop ride takes us to the striking towns of Sorano and Pitigliano, both of which are perched high on cliffs of tufa stone. Similar to Sovana, these towns have Etruscan origins and impressive archaeological remnants. Built between the 10th and 15th centuries, they were held by important Roman families, the Aldobrandeschi (Sorano) and the Orsini (Pitigliano) until their fall to the Medici, the Grand Duchy of Tuscany. Their elaborate palaces still stand in the center of both towns. For those who can't stand the idea of ending their ride in Tuscany there is the option to add another 26 km and 571 meters. Once back at the hotel, enjoy a swim in the pool, a pasta making demonstration, or further exploration of the surrounding archaeological sites. Tonight we'll toast our adventure and savor a celebratory dinner together.

### DAY 5: Thu, Oct 5th

**Gain** 543 m (1781 ft)

### Buon viaggio - shuttle to Orvieto train station

**Highlights** Group shuttle to the Orvieto train station

Say goodbye after breakfast. We'll shuttle you to the Orvieto train station where you can catch trains north to Florence or south to Rome. If you have the time, we highly recommend you spend a few days in Orvieto to enjoy this spectacular town.

### DAY 6: Fri, Oct 6th

- Thoughtfully designed itineraries and routes that take advantage of stunning cycling destinations and the freedom of bicycle travel.

**PRE-TRIP SUPPORT**

- Planning tips on what to pack, hotel recommendations and other helpful details from our Travel Planning Pages: <https://www.experienceplus.com/blog/travel-planning/>
- A gift of your choice (cycling jerseys, socks, or a t-shirt) as our way of saying thanks for choosing ExperiencePlus!
- \*Traveler services including assistance booking extra nights at the tour starting and ending hotels. (\*Not included on Explorer Tours.)
- See "What's Included" for tour-specific inclusions and be sure to check the "Keep in mind" section under "Tour Summary" online.

**BICYCLES**

For a full list of what's included with your bike see our bikes page (<https://www.experienceplus.com/what-to-expect/our-bikes/>) . If you would like to bring your own pedals and shoes we recommend doing so. On Explorer tours we include a GPS device on all bikes. We ask that you bring your own helmet to ensure the best fit. Please ask if you would like us to provide you with a gently used helmet and we will do so.

**NAVIGATING, DAYSHEETS AND VAN SUPPORT:**

Each day you'll receive a daily briefing with a highlighted route map. About 14 days prior to your tour, we will provide you with access to RideWithGPS Experiences, our platform

to distribute information on each tour day's activities, meals and ride, as well as GPS-routes.

Daily information also includes Tour Leader phone numbers, hotel information and interesting historical and cultural information. On Classic, Bike and Boat and Expedition tours we also navigate using our signature chalk dust arrows. Our arrows make navigating very easy—you may never need to look at the map. On Explorer tours the terrain and destinations are not always conducive to using chalk arrows so we'll ride as a group or you can navigate on your own with the GPS tracks. On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

On tour you will have a support van providing water and snack resupply, mechanical assistance, a lift for tired cyclists, and luggage transfers. On some itineraries the van will not be able to follow sections of the route that stray from the road for example onto cycling paths.

**Need More Miles?** On many days it is possible to add miles to the day, just talk to your tour leader about your options.

**Need Fewer Miles?** If you aren't sure about your abilities or how much you want to ride remember the support van is available to offer snacks, encouragement, a lift over the next hill, or to the next hotel. You are on vacation and we're here to help make it perfect for you.

**TIPPING YOUR TOUR LEADER TEAM:**

If you feel your tour leader team has demonstrated great expertise and service, common practice within the travel industry is to tip. Tipping is voluntary and greatly appreciated, and gratuity amounts vary widely. Should you decide to leave a tip, as a guideline, we suggest 5% of the tour cost per traveler – this is for the entire tour leader team, not each tour leader. You can give the tip to any member of the tour leader team, as they share it evenly. In order to avoid social tensions, we encourage you to tip as individuals and not as a group. If you feel your tour leaders did not quite meet your expectations, please let us know. \*Tips are included in Expedition pricing.

**PHOTOS:**

By reserving space on tour, you agree that ExperiencePlus! may use, re-use and reproduce any images, photos or videos sent to us, or taken by our guides or travelers free of charge and without your right to inspection. If you do not want us to use any images of you on tour, you must inform your tour leader in writing at the start of the tour.

**LEVELS**

We know that travelers have different cycling abilities and preferences for the number of miles, elevation gain, and type of terrain they want on a bicycle tour. We have rated each day of our tours on a scale of 1-5. Our Tour Level's are an average of the day rating on tour. We recommend looking at the daily summary on the PDF and Website Itinerary to see details about each day's ride.

**LEVEL 1 - 1.5**

Level 1 - 1.5 days will be mostly flat and the distance will rarely exceed 50 km. Level 1 - 1.5 tours are suitable for beginner cyclists, those traveling by bicycle for the first time, or multi-generational groups with a desire for a nice and easy bike tour with plenty of opportunities to stop and enjoy the scenery.

- **Average daily mileage:** 20 - 50 km. (12-30 miles) Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 0-400 M (0-1200 ft)
- **Terrain:** Mostly flat with occasional gentle climbs at a grade of less than 3%, that are sustained for a maximum of 3km. There might be a steeper but short climb.

**LEVEL 2 - 2.5**

Level 2 - 2.5 days are ideal for riders newer to bicycle touring looking for a bit of a challenge.

- **Average daily mileage:** 30-60 km (18 - 38 miles). Be sure to check the day by day itinerary description for the tour you are considering for specific mileages.
- **Gain:** 400 - 600 m (1200 - 2000 ft)

**LEVEL 5 (EXPEDITION)**

Our Expedition tours designed for strong riders looking for the challenge of riding across countries or continents. Long daily mileages mean limited van support so we recommend these tours for riders who feel confident that they can ride every mile.
